## From The Director

On Friday, September 14, Finger Lakes Library System along with South Central Regional Library Council, Southern Tier Library System and Four County Library System hosted our first New York State Legislative Appreciation Reception at the Tompkins County Public Library. This special occasion has been a goal of the Awareness and Advocacy Committee of the South Central Library Council and a project that I have worked on with Mary-Carol of SCRLC, Brian of STLS, and Steve of Four County for the past year.

We often hear from our legislators at our Annual Meeting and Advocacy Day. Our group however wanted a formal occasion to celebrate library services in the Catskills, Finger Lakes and Southern Tier library regions. We are lucky and thankful that our elected officials advocate tirelessly for increased library aid, increases in construction aid for libraries, and give generously during Budget Aid time. The reception on Friday was filled with library staff, directors, trustees and patrons that had the opportunity to thank Senate and Assembly representatives for their support of libraries and to hear about library services and projects.

Listening to our legislators speak about the libraries in their districts reminded me of our shared services and commitment to having robust community libraries. Issues such as broadband, the role that libraries play in workforce development, and the need for innovative programming such as dedicated teen centers, maker spaces and digital learning labs are the same across our shared service areas. As Brian Hildreth pointed out in his opening remarks, libraries are not “free” and advocacy does not necessarily mean advocacy for funding and money. We are extremely lucky to have legislators who actively visit their libraries, meet with patrons, and listen to library advocates all year long.

A special thank you to Senator James Seward, Senator Pamela Helming, and the office of Senator Thomas O’Mara for speaking at Friday’s reception. Assemblywoman Barbara Lipton has worked tirelessly for libraries since elected, and the office of Assemblyman Phillip Palmesano reminded us of the importance of libraries for families in rural areas. A very large thank you to Tompkins County Public Library Director Annette Birdsall for allowing us to meet at her library and for giving guided tours after the reception.

We hope to see you next year at our second legislative reception!

Sarah

**TCPL has chosen their 2018 Community Read title: *We Have Always Lived In The Castle* by Shirley Jackson.**

Libraries interested in securing copies of the title for reading groups are welcome to contact Tom Burns at [tburns@tcpl.org](mailto:tburns@tcpl.org), or Joyce Wheatley at [jwheatley@tcpl.org](mailto:jwheatley@tcpl.org).

Shirley Jackson's deliciously unsettling novel about a perverse, isolated, and possibly murderous family takes readers deep into a labyrinth of dark neurosis, macabre humor, and gothic atmosphere.

Six years after four family members died suspiciously of arsenic poisoning, the three remaining Blackwoods—elder, agoraphobic sister Constance; wheelchair-bound Uncle Julian; and eighteen-year-old Mary Katherine, or, Merricat—live together in pleasant isolation. Merricat has developed an idiosyncratic system of rules and protective magic to guard the estate against intrusions from hostile villagers. But one day a stranger arrives—cousin Charles, with his eye on the Blackwood fortune—and manages to penetrate into their carefully shielded lives. Unable to drive him away by either polite or occult means, Merricat adopts more desperate methods, resulting in crisis, tragedy, and the revelation of a terrible secret.

Jackson's novel emerges less as a study in eccentricity and more—like some of her other fictions—as a powerful critique of the anxious, ruthless processes involved in the maintenance of normalcy itself.

### Building A Diverse and Inclusive YA Library Collection

**Tuesday, September 25, 2:00pm**

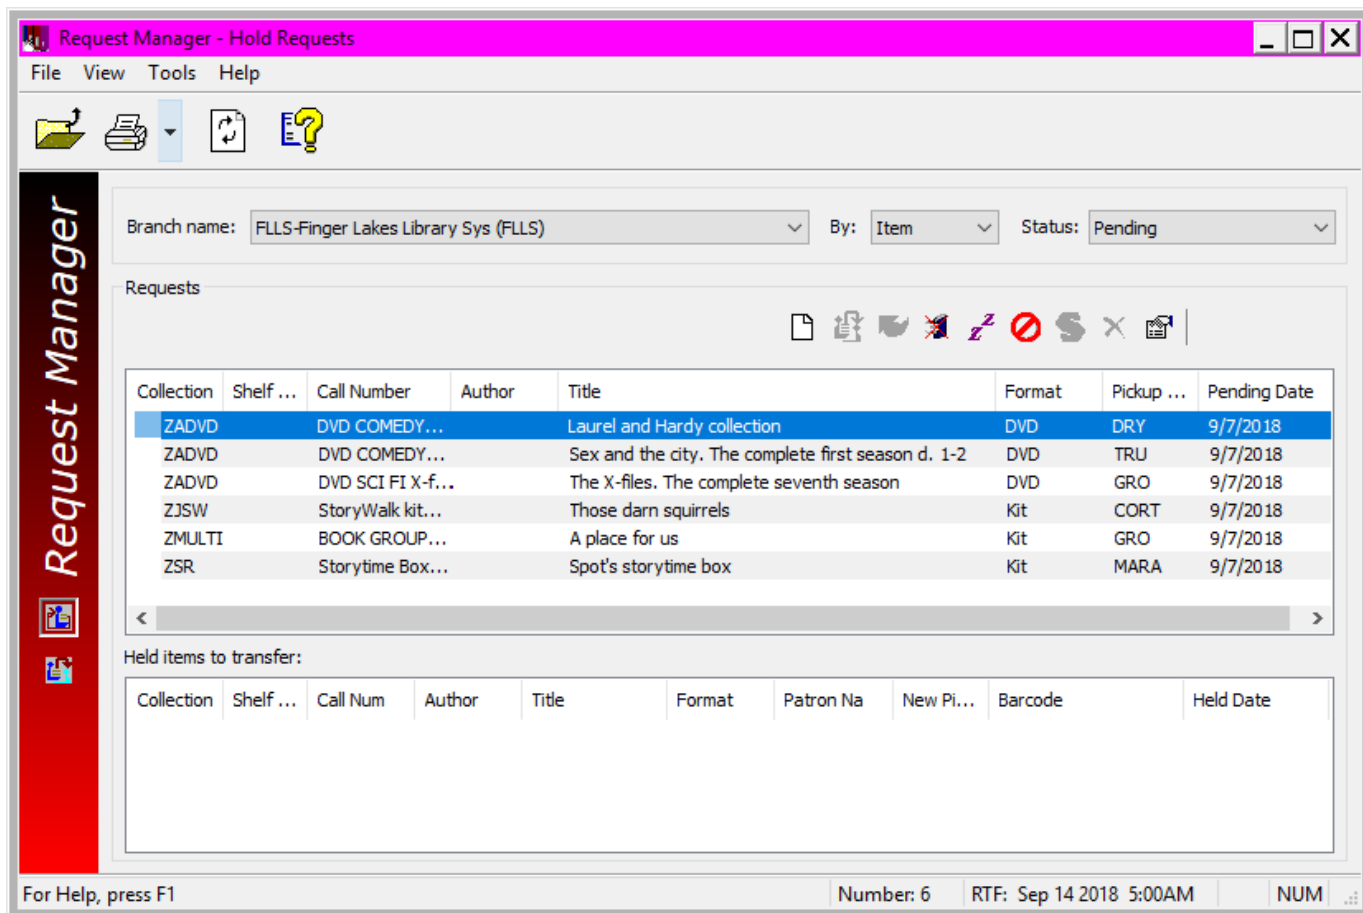

Why is it important for librarians to integrate culturally diverse literature into their collections? Readers need a rich and varied diet of material that reflects the many different ethnic, cultural, socioeconomic, and linguistic groups that make up multiple voices, individual lives, social attributes, and perspectives around the world. We are the advocates that help expand the borders of this culturally diverse literature, this inclusive literature, to aspects such as physical and mental disabilities, socioeconomic status, different family structures, such as foster families, and sexual and gender identification. We are striving to curate our collections to be the mirrors and windows of a teen's life into adulthood.
