This new system is very slow and pages often don't load. The submit button to login doesn't work and I could only login by hitting enter. Also, what we need to keep track of (datawise) changes from year to year without much warning. Also, we do many multi-age programs, because we feel this is important - to bring youth of different ages together or youth and adults together. Although you have added the "Other" category, requiring us to give numbers by age group forces whole programs that involve children and teens to be listed as children, which denies the very purpose of having a multi-age program.
