

Kitty Litter Cake Recipe

Ingredients:

2 (18 oz.) boxes of cake mix (any flavor you want)
1 pkg. white sandwich cookies
1 pkg. Ritz Crackers
2 packages of vanilla instant pudding mix
1 NEW litter box
1 plastic scoop
Green food coloring
Tootsie rolls*
Black frosting (optional)

Preparation:

Prepare cake mixes and bake according to directions (any size pans). Prepare pudding mix and chill until ready to assemble. Smash white sandwich cookies in a plastic bag. Set aside all but about 1/4 cup. To the 1/4 cup cookie crumbs, add a few drops green food coloring and mix using a fork or shake in a jar.

When cakes are cooled to room temperature, crumble into a large bowl. Toss with half the remaining white cookie crumbs and the chilled pudding.

You probably won't need all of the pudding, mix with the cake and "feel" it, you don't want it soggy, just moist; gently combine. Put mixture into **clean** litter box.

Put some unwrapped Tootsie rolls in a microwave safe dish and heat until soft and pliable. Roll in your hands and place around the mixture. (Midget tootsie rolls can be melted and combined to make larger "poops") Using black cake frosting, make little clumps of "diarrhea" around the cake. Scatter the green cookie crumbs lightly over the top, (this is supposed to look like the chlorophyll in kitty litter). Use crumbled Ritz crackers to fill in any cracks in your cake.

Place the box on a newspaper and sprinkle a few of the cookie crumbs around. Serve with a new pooper scooper.

*You do not need to use tootsie rolls. Any other "poop" type candies work too! (Twix, melted Hershey bars, etc.) Be creative!
