REOPENING TASK LIST

*Please note, this document is intended to be used for guidance only and is not an official New York State document.

Continuous Cleaning Protocol

- Monitor and review enhanced cleaning protocols especially in high foot traffic and high touch areas; require employees to clean their workspace with disinfectant at the end of each shift.
- Supply disposable disinfecting wipes and hand sanitizer for each desk or workspace and other areas, particularly those that are shared, such as restrooms.
- Remove or vigorously sanitize frequently touched shared office items such as chairs, white board markers, shared phones and remotes, especially at the end of each work day.
- Consider switching out frequently touched fixtures such as door and drawer handles, and light and power switches to low- or no-touch.
- Designate a specific room to isolate any person identifying themselves with symptoms.
- Establish and enforce stringent cleaning protocols for shared spaces.
- Designate storage areas for personal items.

Communications Plan

- Communicate with employees clearly and transparently.
- Establish two-way communication.
- Ensure leadership alignment on re-entry.
- Clearly set employee expectations regarding various new or updated policies such as:
 - Return to work and work from home policies.
 - Guest and visitor policies.
 - Employee travel policy.
 - HR sick leave and caregiver leave policy.
