

2022 Benefit Time Carryover

Currently, FLLS' policy allows for 70 hours of vacation time and 30 hours for compensatory time to be carried over from one year to the next. However, because of the pandemic, staff have accumulated more time than usual. Our auditors require approval from the Board of Trustees to allow the carryover of leave time from 2022 to 2023, as detailed in the chart below.
