ANNUAL REPORT FOR PUBLIC AND ASSOCIATION LIBRARIES – 2022

Instructions

Part 1 – GENERAL LIBRARY INFORMATION

Please Note: New questions are optional for the first year.

[Outline of Major Changes](#)

A number of questions in Part 1 are pre-filled and others are pre-filled and locked. Review the data and update, correct, or annotate, if needed. Report all information in Part 1 as of December 31, 2022, except for questions related to the current library director/manager (questions 1.37 through 1.44).

1.1 Library ID Number – This question is pre-filled and locked. The ten-digit ID number assigned to the library by the Division of Library Development.

1.2 Library Name – This question is pre-filled and locked. The *legal* name of the public library as indicated on the library's charter.

1.3 Name status – This question is pre-filled and locked. 00 indicates no change, 06 indicates an official name change and 14 indicates a preferred spelling for the library name.

1.4 Structure status – This question is pre-filled and locked. 00 indicates no change from previous year, 01 indicates a library that has been absorbed by another library, 02 indicates a new library, 03 indicates a closed library, 04 indicates an outlet that has become an independent library, 05 indicates two libraries merged into one, 08 indicates a previously closed library that has reopened, 09 indicates a library that was previously omitted from the survey, 10 indicates a library that is being removed from the survey and 13 indicates a library that has been in existence and is now being added to the survey for the first time.

1.5 Community – This question is pre-filled and locked. The name of the village, town, or city in which the main library building is located.

1.6–1.7 Beginning Fiscal Reporting Year and Ending Fiscal Reporting Year – These questions are pre-filled and locked.

1.8–1.10 Is the library now reporting on a different fiscal year than it reported on in the previous Annual Report? – If the library's fiscal year has changed please answer this question accordingly and contact your library system.

1.11–1.12 **Beginning Local Fiscal Year and Ending Local Fiscal Year** – Beginning Local Fiscal Year (operating year) and Ending Local Fiscal Year (operating year) – Enter the beginning and ending dates of the library's local fiscal year, even if they are the same as the fiscal reporting year indicated in Questions 1.6 and 1.7. (For example, a school district library's local fiscal year may be July 1 – June 30, but the library's fiscal reporting year for this Annual Report may be January 1 – December 31; a village library's local fiscal year may be June 1 – May 31, but the library's fiscal reporting year for this Annual Report may be January 1 – December 31.)

1.13 **Street Address Status** – This question is pre-filled. 00 indicates no change, 07 indicates that the library has moved to a new location and 15 indicates a preferred street address. If the street address or mailing address has changed, enter the change as a Note.

1.14–1.16 **Street Address** – These questions are pre-filled and locked. If the street address has changed, enter the change as a Note in question 1.13.

1.17–1.19 **Mailing Address** – These questions are pre-filled and locked from data entered in the previous year. If the mailing address has changed, enter the change as a Note in question 1.17.

1.20 **Telephone Number** – the phone number of the library, including area code. Enter 10 digits only; do not enter spaces and/or punctuation. If the library does not have a telephone number, enter N/A.

1.21 **Fax Number** – the phone number for sending fax messages to the library, including area code. Enter 10 digits only; do not enter spaces and/or punctuation. If the library does not have a fax number, enter N/A.

1.22 **E-Mail Address to Contact the Library** – the general e-mail address for sending electronic mail messages to the library (for example: circ@mail.nysed.gov). If the library does not have an e-mail address, enter N/A.

1.23 **Library Home Page URL** – the Internet's World Wide Web address of the library's Home Page. If the library does not have a Home Page URL, enter N/A.

1.24–1.26 **Population Chartered to Serve (2020 Census), Type of Library, Area Chartered to Serve** – These questions are pre-filled and locked. This information is on file at Library Development and is based on the most current documents in the library's charter file. This information will be updated by the New York State Library if the library underwent a charter amendment during the reporting period. Libraries with questions about the chartered service area or the 2020 population figure that appears on this report should contact their library system.

Note: Populations are based on official population counts from the 2020 Census. The 2020 populations for library chartered service areas not contiguous with political boundaries are agreed upon by Library Development, the system, and the library.

1.27 **Legal Service Area Boundary Change** – This question is pre-filled and locked. This information will be updated by the New York State Library if the library underwent a charter amendment during the reporting period.

Note: Legal library service areas are established only through Regents approved charters and charter amendments.

1.28–1.30 **Library Charter** – These questions are pre-filled and locked.

- the type of charter the library currently holds (if the library does not have a charter please enter N/A and explain in a Note);
- the date this charter was granted;
- the date the library was last registered (if the library has not been registered, enter N/A on question 1.30).

1.31 **Federal Employer Identification Number** – This question is pre-filled and locked. The nine-digit number assigned by the Internal Revenue Service to the library, as an employer (not the municipality's number) for the purposes of reporting taxes withheld.

1.32 **County** – This question is pre-filled and locked. The name of the county in which the main library building (only) is located. Do not enter the counties within the library's chartered service area.

1.33 **School District** – This question is pre-filled and locked. The name of the school district in which the main library building (only) is located. Do not enter the school districts within the library's chartered service area.

1.34 **Town** – Enter only the name of the town or city in which the main library building is located. Do not enter the towns within the library's chartered service area.

1.35 **Library System** – This question is pre-filled and locked. The name of the public library system of which the library is a member.

1.37 – 1.41 **Library Director/Manager** – enter the current director's name and New York State Public Librarian Certification number, even if the director was appointed after December 31, 2022. A library serving a population of 7,500 or more is required to have a New York State certified public librarian as library director. Please do not enter school library media specialist certification numbers. Library Directors who do not have public library certification should enter N/A on question 1.39.

1.42 **Do all staff working in the budgeted Librarian (certified) positions reported in 6.4 have an active NYS Public Librarian Certificate? If No, list the name and e-mail address of each staff member without an active certificate in a Note.** – Please indicate if all staff working in the budgeted Librarian (certified) positions reported in Question 6.4 have active NYS Public Librarian Certificates. If a Public Librarian Certificate was issued after December 2009, professional development is required every 5 years in order to maintain one's certificate. If a certificate is not renewed the status will become “inactive.” The status of public librarian certificates can be checked at <http://www.nysl.nysed.gov/libdev/cert/search.htm>.

1.43 – 1.44 **E-Mail Address/Fax Number of the Library Director/Manager** – the library e-mail address and fax number for contacting the Director/Manager directly. Enter even if the same as questions 1.21 & 1.22.

1.45 **Library Fees** – indicate whether the library charges fees for library cards to people residing outside the system's service area.

1.46 **Library Budget Subject to Vote (Calendar Year 2022)** – Indicate whether all or part of the library's budget was subject to public vote held during Calendar Year 2022. If yes, complete one record for the public vote from each funding source. If no, go to question 1.47. Chapter 414 of the New York State Laws of 1995 (same as Ed. Law § 259.1) provides public libraries in New York State (including Association Libraries) with the ability to place a funding proposition on a municipal (county, city, town or village) ballot. For further information, please go to <https://www.nysenate.gov/legislation/laws/EDN/259> and scroll down to §259.1.b.

1.47 **Library Budget Subject to Vote (Prior Year)** – Indicate whether all or part of the library's budget was subject to public vote held during a prior year (prior to calendar year 2022). The vote could have taken place years ago but the library is still receiving funds based on that vote. The funds will remain the same until the library requests a vote for an increase in funding and the vote passes. Do not complete if you answered “Yes” to Q1.46 UNLESS the library has votes from different municipalities/districts that were held in different years, both current and prior.

1.48 **Contractual Agreement** – indicate whether the library has a contractual agreement with a municipality or district to provide library services to residents of an area not served by a chartered library. Answer Y for Yes if the contractual agreement is negotiated directly by the library or by the library system on behalf of the library. If yes, complete one record for each agreement. If no, go to question 1.49.

1.49 **Report of Unusual Circumstances** – explain any situation or circumstance that affected the statistics reported. Annotate using the Note.

Part 2 – LIBRARY COLLECTION

Report holdings, additions, and subscriptions as of the end of the fiscal year reported in Part 1. Please read general information instructions below before completing this section.

NOTE: This section of the survey (2.1–2.25) collects data on selected types of materials. It does not cover all materials (i.e., microforms, loose sheet music, maps, and pictures) for which expenditures are reported under Print Materials Expenditures, Electronic Materials Expenditures, and Other Materials Expenditures (questions 12.6, 12.7 and 12.8). Under this category report only items that have been purchased, leased or licensed by the library, a consortium, the state library, a donor or other person or entity. Included items must only be accessible with a valid library card or at a physical library location; inclusion in the catalog is not required. Do not include items freely available without monetary exchange. Count electronic materials at the administrative entity level (main library); do not duplicate numbers at each branch.

Questions 2.1 through 2.30 – TOTAL HOLDINGS

General Information:

- For each category of holdings, report the total number held at the end of the fiscal year.
- Holdings for each category *equal* previous year holdings *plus* current year additions *minus* current year withdrawals.
- In each category, holdings reported must be less than or equal to last year's holdings plus this year's additions.

- Items packaged together as a unit (*e.g.*, two compact discs, two films, two videocassettes, a kit or a set of 25 slides) and which are generally checked out as a unit are counted as *one* physical item.
- Microform (microfilm, microcard, microfiche) is *not* a separate category, but is included within each specific category. For example, a microcopy of a volume of adult nonfiction is counted as a volume of adult nonfiction.
- Government documents (publications bearing a federal, state, foreign government, or world organization imprint) are not a separate category, but included within each specific category.
- Documents that are fully cataloged and inter-shelved with books are counted as Cataloged Book Holdings in the appropriate category.
- Serials bearing a government imprint but are treated as part of the serials collection are counted as Serials.
- Documents held in vertical files with other ephemera are counted with All Other Print Materials.
- Government documents held in a separate documents section of the library are also counted with All Other Print Materials.

2.1–2.7 **Cataloged Books**

- Books are non-serial printed publications (including music scores or other bound forms of printed music, and maps) that are bound in hard or soft covers, or in loose-leaf format. Do not include unbound sheet music.
- Must be cataloged *and* available for use.
- Include foreign language books and books on rental shelves in the appropriate category – Adult or Children's Fiction or Nonfiction.
- Include Young Adult books with the Adult collection.
- Include non-serial government documents.
- Do not include bound serials in Book Holdings.
- Report the number of physical units, including duplicates. Include duplicate copies of titles and the number of volumes in sets of books.
- A volume is a physical unit of any printed, typewritten, handwritten, photocopied, or processed work contained in one binding or portfolio, hardbound or paperbound, which is cataloged *and* available for use.
- For smaller libraries, if volume data are not available, count the number of titles. Books packaged together as a unit (*e.g.*, a 2-volume set) and checked out as a unit are counted as one physical unit.

Questions 2.8 through 2.12 **Other Print Materials**

2.8 **Uncataloged Books** – report uncataloged hard cover and paperback books.

2.9 **Total Print Serials**

- Volumes are a unit established by the publisher. Enter the number of volumes held, including duplicate copies of volumes, regardless of whether the material is bound, unbound or on microform.
- Do *not* count serials in electronic format here.
- Do not include print serials that are not retained by the library.

2.10 All Other Print Materials

- Include print library materials which do not meet the definition of a book or serial, and which are not counted in other categories of holdings.
- Do not include print materials that are not retained by the library.
- Report vertical file materials. Also report similar items that are not individually cataloged, and any other materials requiring special handling not reported in any other category. Count vertical files by file; count individual items in each vertical file only if they are cataloged.

Electronic Materials

- Library materials that require the use of special equipment in order to be seen or heard.
- Report audio–visual/book kits as physical units under the appropriate audio–visual category.
- **General guidance regarding electronic materials as part of the library's collection:** If individual electronic items are selected for purchase/subscription, such as with Overdrive, each item should be counted in the appropriate category under Electronic Materials. In cases where items available are not individually selected by the library, such as with Freading and Hoopla, in the collections section libraries should only count the number of Freading or Hoopla items circulated, rather than the total number available. For example, if circulation of Freading or Hoopla items is 10; corresponding collections should also be 10.

Electronic Books (question 2.13)

- E–books are digital documents (including those digitized by the library), licensed or not, where searchable text is prevalent, and which can be seen in analogy to a printed book (monograph).
- E–books are loaned to users on portable devices (e–book readers) or by transmitting the contents to the user's personal computer for a limited time.
- Include e–books held locally and remote e–books for which permanent or temporary access rights have been acquired by the library or by the library's Public Library System.
- Report the number of electronic units, including duplicates, at the administrative entity level; do not duplicate unit count for each branch.
- E–books packaged together as a unit (*e.g.* , multiple titles on a single e–book reader) and checked out as a unit are counted as one unit.
- Report the number of units. Report only items that have been purchased leased or licensed by the library, a consortium, the state library, a donor or other person or entity. Included items must only be accessible with a valid library card or at a physical library location; inclusion in the catalog is not required. Do not include items freely available without monetary exchange. Do not include items that are permanently retained by the patron; count only items that have a set circulation period where it is available for their use. Count electronic materials at the administrative entity level; do not duplicate numbers at each branch.
- “NOTE: For purposes of this survey, units are defined as “units of acquisition or purchase”. The “unit” is determined by considering whether the item is restricted to a finite number of simultaneous users or an unlimited number of simultaneous users.
- **Finite simultaneous use:** units of acquisition or purchase is based on the number of simultaneous usages acquired (equivalent to purchasing multiple copies of a single title).

For example, if a library acquires a title with rights to a single user at a time, then that item is counted as 1 “unit”; if the library acquires rights to a single title for 10 simultaneous users, then that item is counted as 10 “units”. For smaller libraries, if volume data are not available, the number of titles may be counted.

- **Unlimited simultaneous use:** units of acquisition or purchase is based on the number of titles acquired. For example, if a library acquires a collection of 100 books with unlimited simultaneous users, then that collection would be counted as 100 “units”.
- Count e–books to which the library has subscribed via Overdrive. In cases where items available are not individually selected by the library, such as with Freeding and Hoopla, in the collections section libraries should only count the number of Freeding or Hoopla items circulated, rather than the total number available. For example, if circulation of Freeding or Hoopla items is 10, corresponding collections should also be 10.

Questions 2.14 through 2.16 **Electronic Collections**

- Report the number of electronic collections. An electronic collection is a collection of electronically stored data or unit records (facts, bibliographic data, abstracts, texts, photographs, music, video, etc.) with a common user interface and software for the retrieval and use of the data. An electronic collection may be organized, curated and electronically shared by the library, or rights may be provided by a third party vendor. An electronic collection may be funded by the library, or provided through cooperative agreement with other libraries, or through the State Library. Do not include electronic collections that are provided by third parties and freely linked to on the web.
- Report the number of electronic collection licenses (subscription or one–time purchases). Each licensed electronic collection is counted individually even if access to several licensed electronic collections is supported through the same interface (e.g. , ProQuest, OCLC FirstSearch).
- For videos accessed via a Roku stick, count each video purchased.
- Note: The data or records are usually collected with a particular intent and relate to a defined topic. Include such services as EBSCO and OCLC FirstSearch, and Zinio, but do not include other electronic serial collections (e.g. , Project MUSE, OCLC ECO Project).
- **Electronic Collections do not have a circulation period**, and may be retained by the patron. Remote access to the collection may or may not require authentication. Unit records may or may not be included in the library's catalog; the library may or may not select individual titles. Include electronic collections that are available online or are locally hosted in the library.
- Local Electronic Collections (question 2.14) report the number of electronic collections obtained through the library funds or through other cooperative agreements.
- NOVELNY Electronic Collections (question 2.15) – This field has been pre–filled and locked. The NOVELNY databases are listed on the NOVELNY site at <http://www.novelnewyork.org/databases.php>

ALL OTHER MATERIALS

2.17 **Audio – Downloadable Units**

- These are audio–downloadable electronic files on which sound (only) is stored (recorded) and that can be reproduced (played back) electronically. Audio – Downloadable Units may be loaned to users on portable devices or by transmitting the contents to the user's personal computer for a limited time. Include Audio – Downloadable Units held locally

and remote Audio – Downloadable Units for which permanent or temporary access rights have been acquired.

- Report the number of units. Report only items that have been purchased, leased or licensed by the library, a consortium, the state library, a donor or other person or entity. Included items must only be accessible with a valid library card or at a physical location; inclusion in the catalog is not required. Do not include items freely available without monetary exchange. Do not include items that are permanently retained by the patron; count only items that have a set circulation period where it is available for their use. Count electronic materials at the administrative entity level; do not duplicate numbers at each branch.
- “NOTE: For purposes of this survey, units are defined as “units of acquisition or purchase”. The “unit” is determined by considering whether the item is restricted to a finite number of simultaneous users or an unlimited number of simultaneous users (see definitions below).
- **Finite simultaneous use:** units of acquisition or purchase is based on the number of simultaneous usages acquired (equivalent to purchasing multiple copies of a single title). For example, if a library acquires a title with rights to a single user at a time, then that item is counted as 1 “unit”; if the library acquires rights to a single title for 10 simultaneous users, then that item is counted as 10 “units”. For smaller libraries, if volume data are not available, the number of titles may be counted.
- **Unlimited simultaneous use:** units of acquisition or purchase is based on the number of titles acquired. For example, if a library acquires a collection of 100 books with unlimited simultaneous users, then that collection would be counted as 100 “units”.
- Include audio–downloadable electronic files held locally and remote audio–downloadable electronic files for which permanent or temporary access rights have been acquired by the library or by the library's Public Library System.
- Report the number of electronic files acquired as part of the collection even if they are not purchased by the library.
- Exclude public domain/uncopyrighted audio–downloadable electronic files that have unlimited access.

2.18 Video – Downloadable Units

- These are video–downloadable electronic files on which moving pictures are recorded, with or without sound. Electronic playback reproduces pictures, with or without sound, using a television receiver, computer monitor or video–enabled mobile device. Video – Downloadable Units may be loaned to users on portable devices or by transmitting the contents to the user's personal computer for a limited time. Include Video – Downloadable Units held locally and remote Video – Downloadable Units for which permanent or temporary access rights have been acquired.
- Report the number of units. Report only items that have been purchased, leased or licensed by the library, a consortium, the state library, a donor or other person or entity. Included items must only be accessible with a valid library card or at a physical location; inclusion in the catalog is not required. Do not include items freely available without monetary exchange. Do not include items that are permanently retained by the patron; count only items that have a set circulation period where it is available for their use. Count electronic materials at the administrative entity level; do not duplicate numbers at each branch.
- “NOTE: For purposes of this survey, units are defined as “units of acquisition or purchase”. The “unit” is determined by considering whether the item is restricted to a

finite number of simultaneous users or an unlimited number of simultaneous users (see definitions below).

- **Finite simultaneous use:** units of acquisition or purchase is based on the number of simultaneous usages acquired (equivalent to purchasing multiple copies of a single title). For example, if a library acquires a title with rights to a single user at a time, then that item is counted as 1 “unit”; if the library acquires rights to a single title for 10 simultaneous users, then that item is counted as 10 units”. - **Unlimited simultaneous use:** units of acquisition or purchase is based on the number of titles acquired. For example, if a library acquires a collection of 100 books with unlimited simultaneous users, then that collection would be counted as 100 “units”.
- Include video–downloadable electronic files held locally and remote video–downloadable electronic files for which permanent or temporary access rights have been acquired by the library or by the library's Public Library System.
- Report the number of video–downloadable electronic files acquired as part of the collection even if they are not purchased by the library.
- Exclude public domain/uncopyrighted video–downloadable electronic files that have unlimited access.

2.19 Other Electronic Materials

- Include items that are not included in the above categories, such as e–serials; electronic files; collections of digital photographs; and electronic government documents, reference tools, scores and maps.

2.21 Audio – Physical Units

- These are materials circulated in a fixed, physical format on which sounds (only) are stored (recorded) and that can be reproduced (played back) mechanically, electronically, or both. Include records, audiocassettes, audio cartridges, audio discs (including audio–CD–ROMs), audioreels, talking books, and other sound recordings stored in a fixed, physical format. Do not include downloadable electronic audio files.
- Report the number of units, including duplicates. Items packaged together as a unit (e.g., two audiocassettes for one recorded book) and checked out as a unit are counted as one physical unit.
- “NOTE: For purposes of this survey, units are defined as “units of acquisition or purchase”.

2.22 Video Physical Units

- These are materials circulated in a fixed, physical format on which moving pictures are recorded, with or without sound. Electronic playback reproduces pictures, with or without sound, using a television receiver or computer monitor. Video formats may include tape, DVD and CD–ROM. Do not include downloadable electronic video files.
- Report the number of units, including duplicates. Items packages together as a unit (e.g., two videocassettes or DVDs for one movie) and checked out as a unit are counted as one physical unit.
- “NOTE: For purposes of this survey, units are defined as “units of acquisition or purchase”.

2.23 Other Circulating Physical Items

Report a single figure that includes the following: all circulating physical items other than print books, physical audio units, physical video units, and serials. These are materials in a fixed, physical format available for use outside the library. These can include a variety of items types, such as wi-fi hotspots, sewing machines, cake pans, tools, etc.

Report the number of units, including duplicates. Items packaged together as a unit (such as a set of cookie cutters) and checked out as a unit are counted as one physical unit.

2.24 Total Physical Items in Collection

All circulating physical items in the collection. These are materials in a fixed, physical format available for use outside the library. This includes Print Materials, Audio – physical units, Video – physical units, and Other Circulating Physical Items.

Report the number of units, including duplicates. Items packaged together as a unit (such as a set of cookie cutters) and checked out as a unit are counted as one physical unit.

2.25 Grand Total Holdings

- Report the library's total holdings as of the end of the fiscal reporting year.
- Grand Total Holdings = Total Print Materials (question 2.12) + Total Electronic Materials (question 2.20) + Total Physical Items in Collection (question 2.24)

Questions 2.26 through 2.30 Additions to Holdings

- For each category of material in the library's collection, report the *gross total number* of volumes or physical items added to the library's holdings during the fiscal year.
- Do not subtract the number of withdrawals/discards from the number of additions.
- Include additions to uncataloged books and current print serials within Additions to Holdings – All Other Print Materials.

Part 3 – LIBRARY PROGRAMS, POLICIES, AND SERVICES.

Report all information on questions 3.1 through 3.29 as of the end of the fiscal year reported in Part 1; report information on questions 3.30 through 3.82 for the 2022 calendar year.

Note: It is recommended that libraries use the methods described in *Output Measures for Public Libraries, 2nd edition (ALA, 1987)* for counting library visits (attendance).

Question 3.1 Library Visits

- If annual counts are available, please report them. Otherwise, provide an annual estimate based on a count taken during "a typical week". If you have a "typical week" count, multiply the count by 52 weeks to report the annual count.

- A “typical week” is a week in which the library is open its regular hours, is neither unusually slow nor unusually busy, and containing no holidays/special events. It is seven consecutive calendar days, from Sunday through Saturday, or whatever days the library is open during that period. Please report all figures for the same week, if possible. It is recommended that libraries take a count during a typical week in October.
- Report the total number of persons entering the library for whatever purpose during the year. Include persons attending activities, meetings, program sessions, and those persons requiring no staff services. This is an annual attendance total.

3.2 Registered Resident Borrowers – Count the total number of individual borrowers, registered by the library as library cardholders that reside in the library's chartered service area. Multiply by 2.77 if registration method is by household or family.

3.3 Registered Non-Resident Borrowers – Report the total number of individual borrowers, registered by the library as card-holders, that do not reside in the library's chartered service area. Include here individuals that reside in areas the library has contracted to serve.

Questions 3.4 through 3.10 **Written Policies** – Indicate whether Board-approved written policies are on file at the library.

3.4 Open Meeting Policy – Is there a Board-approved Open Meeting Policy? All public and association libraries are subject to the open meetings law (Education Law, Section 260-a).

3.5 Confidentiality of Library Records – Is there a Board-approved Confidentiality policy? All public and association libraries are required to keep library records confidential according to Civil Practice Laws and Rules, Section 4509.

3.6 Internet Use Policy – Chapter 357 of the Laws of 2000 requires that the Board of Trustees of a public, free association or Indian library, which provides public access to the Internet, establish a policy governing patron use of computer terminals that access the Internet. The law provides that a verification of such policy shall be included in the annual report submitted to the State Education Department.

3.7 Disaster Plan – Is there a Board-approved disaster plan in the event of a natural or man-made disaster that affects the library's facility(ies), holdings, or staff and patrons (i.e., evacuation plan)?

3.8 Conflict of interest Policy – Is there a Board-approved Conflict of Interest Policy? All public and association libraries are subject to Not-for-Profit Corporation Law, Section 715-a.

3.9 Whistle Blower Policy – Is there a Board-approved Whistle Blower Policy? All public and association libraries with twenty or more employees AND an annual revenue in excess of one million dollars in the previous fiscal year are subject to Not-for-Profit Corporation Law, Section 715-b.

3.10 Sexual Harassment Prevention Policy – Is there a Board-approved Sexual Harassment Prevention Policy? Every employer is required to adopt a sexual harassment prevention policy and provide sexual harassment prevention training according to Labor Law, Section 201-G. See <https://www.ny.gov/combating-sexual-harassment-workplace/employers> for more guidance.

Questions 3.11 through 3.15 **Accessibility** – Indicate whether the library provides services to persons who cannot visit the library, and whether the library has assistive devices for the deaf and hearing impaired and blind and visually impaired.

Questions 3.17 through 3.83 **Synchronous Program Sessions**

- Staff and/or volunteers presenting or assisting with a session should not be counted as attendees.
- If different age groups attend a program, report statistics based on intended primary audience.
- A “collaborator” is an organization that provides space and/or services for a specific program series or session.
- For questions 3.17 through 3.29, count all program sessions and program attendance regardless of topic.
- For questions 3.17 through 3.29, include Live, virtual program sessions and program attendance regardless of topic. NOTE: Live, virtual programs are conducted via a Web conferencing or Webinar platform such as Facebook, YouTube, or Zoom, during which a library staff member (or other party sponsored by the library) is presenting to or interacting with an audience in real-time.
- For questions 3.32 through 3.83, count only programs and program attendance for each type of program (Summer Reading, Early Literacy, English Speakers of Other Languages and Digital Literacy).
- All programs counted in Questions 3.32 through 3.83 (Summer Reading, Early Literacy, English Speakers of Other Languages and Digital Literacy) are also included in the figures reported in questions 3.17 through 3.29, including live, virtual program sessions and program attendance.

Synchronous Program Sessions

A synchronous (live) program session is any planned event which introduces the group attending to library services or which provides information to participants.

Program sessions may cover use of the library, library services, or library tours. Program sessions may also provide cultural, recreational, or educational information.

Examples of these types of program sessions include, but are not limited to, film showings, lectures, story hours, literacy programs, citizenship classes, and book discussions.

Synchronous Program Sessions Targeted at Adults Age 19 or Older (question 3.17)

A program is any planned event which introduces the group attending to any of the broad range of library services or activities or which directly provides information to participants. Programs may cover use of the library, library services, or library tours. Programs may also provide cultural, recreational, or educational information, often designed to meet a specific social need. Examples of these types of programs include film showings, lectures, story hours, literacy, English as a second language, citizenship classes, and book discussions.

Count all programs, whether held on- or off-site, that are sponsored or co-sponsored by the library. Exclude programs sponsored by other groups that use library facilities. If programs are offered as a series, count each program in the series. For example, a film series offered once a week for eight weeks should be counted as eight programs.

Note: Exclude library activities delivered on a one-to-one basis, rather than to a group, such as one-to-one literacy tutoring, services to homebound, resume writing assistance, homework assistance, and mentoring activities.

INCLUDE:	EXCLUDE:
<ul style="list-style-type: none"> • All program sessions that are sponsored or cosponsored by the library. For a program session to be sponsored or co-sponsored by the library, the library must contribute financial resources or staff time toward the program session. For a program session that is part of a larger community event (such as a farmer's market or festival), it is not necessary for the library to also sponsor or organize the larger event. • Examples of synchronous programs include live story hours, film or movie showings, puppet shows, lectures, or concerts. 	<ul style="list-style-type: none"> • Program sessions sponsored by other groups that use library facilities. For example, do not include a homeschooling group hosting a speaker in a meeting room without facilitation from library staff.
<ul style="list-style-type: none"> • Both in-person on-site and in-person off-site program sessions. For example, include a story time at a farmer's market or a presentation to a school group about library resources conducted at a school. 	<ul style="list-style-type: none"> • Offsite outreach efforts that do not otherwise meet the definition of a program session. For example, do not include having a library card sign-up booth at a farmer's market.
<ul style="list-style-type: none"> • Live-streamed virtual (synchronous) program sessions that are sponsored or co-sponsored by the library. 	<ul style="list-style-type: none"> • Recorded (asynchronous) presentations of program content. For example, exclude any recording of program content (such as a pre-recorded story time) that cannot be viewed live as it unfolds. These should be counted in Total Number of Asynchronous Program Presentations (Q3.29a). • Programming that is shared on the library's website or social media that is not sponsored or co-sponsored by the library. For example, do not include sharing a video from an author's website of him or her reading a book.
<ul style="list-style-type: none"> • Program sessions with attendance of zero or one if they were intended for a group. 	<ul style="list-style-type: none"> • Activities delivered on a one-to-one basis, rather than to a group, such as one-to-one literacy tutoring, services to homebound, homework assistance, and mentoring activities.

	<ul style="list-style-type: none"> • Passive or self-directed activities that do not occur at a scheduled time. For example, do not include leaving an art project or puzzle on a table for participants to complete. Activities differ from programs in that activities are unstructured and depend on the participation of the attendee to create the experience, rather than a structured presentation offered by librarian to a group at a set time.
	<ul style="list-style-type: none"> • Take & Make kits that are not part of a synchronous program such as a story hour. Report Take & Make kits that are left out for patrons to pick up under Q3.22, One-on-One Program Sessions, and Q3.29 One-on-One Program Attendance. Count each kit prepared as one session, and each kit picked up as one attendee.

Synchronous Program Sessions Targeted at Young Adults Ages 12–18 (question 3.18)

A young adult program session is any planned event for which the primary audience is young adults ages 12 to 18 years. Examples of these types of program sessions include, but are not limited to, book clubs, college prep programs, teen tech or gaming clubs, and summer reading events. Each program session should only be counted in one age category based on its primary target audience.

This figure is a subset of the Total Number of Synchronous Program Sessions. See Synchronous Program Session definition for more information about counting program sessions. Note: The Young Adult Library Services Association (YALSA) defines young adults as age 12 through 18.

Number of Synchronous Program Sessions Targeted at Children Ages 0–5 (question 3.19a)

A program session targeted at children ages 0–5 is any planned event for which the primary audience is infants, toddlers, or preschool-age children. Examples of these types of program sessions include, but are not limited to, story hours, every child ready to read programs, musical or sing-along events, and puppet shows. Include program sessions aimed at children ages 0–5 even if adult caregivers also attend. Each program session should only be counted in one age category based on its primary target audience.

This figure is a subset of the Total Number of Synchronous Program Sessions. See Synchronous Program Session definition for more information about counting program sessions.

Number of Synchronous Program Sessions Targeted at Children Ages 6–11 (question 3.19b)

A program session targeted at children ages 6–11 is any planned event for which the primary audience is elementary-school-age children. Examples of these types of program sessions include, but are not limited to, story hours, science events, crafting classes, and summer reading

events. Include program sessions aimed at children ages 6–11 even if adult caregivers also attend with the children. Each program session should only be counted in one age category based on its primary target audience.

This figure is a subset of the Total Number of Synchronous Program Sessions. See Synchronous Program Session definition for more information about counting program sessions.

Number of Synchronous General Interest Program Sessions (question 3.20)

A general interest program session is any planned event that is appropriate for any age group or multiple age groups. Include all–age, all–library, family, and intergenerational program sessions. Examples of these types of program sessions include, but are not limited to, family game nights, holiday events, storytelling programs, or chess clubs. Include all programs here that do not fit into the other age category elements. Each program session should only be counted in one age category based on its primary target audience; do not include program sessions here that have already been counted in earlier age category elements. Avoid including program sessions that are targeted at more than one non–adult age category (and are not targeted at adults); these should be counted in the child or young adult age category that best represents the target audience.

This figure is a subset of the Total Number of Synchronous Program Sessions. See Synchronous Program Session definition for more information about counting program sessions.

Total Number of Synchronous Program Sessions (question 3.21)

This is a total count of the number of synchronous (live) program sessions during the reporting period. See the Synchronous Program Sessions definition for more detail about what counts as a program session.

- If programs are offered as a series, count each program session in the series. For example, a film series offered once a week for eight weeks should be counted as eight program sessions.
- Include in–person onsite, in–person offsite, and virtual synchronous program sessions.
- Each program session should only be counted once, regardless of the number of formats in which it is presented. For example, a program session that has both in–person and virtual attendance options should be counted as a single program session.

This is the sum of:

- Number of Synchronous Program Sessions Targeted at Children Ages 0–5,
- Number of Synchronous Program Sessions Targeted at Children Ages 6–11,
- Number of Synchronous Program Sessions Targeted at Young Adults Ages 12–18,
- Number of Synchronous Program Sessions Targeted at Adults Age 19 or Older,

and

- Number of Synchronous General Interest Program Sessions.

Separately, it is also the sum of:

- Number of Synchronous In–Person Onsite Program Sessions,
- Number of Synchronous In–Person Offsite Program Sessions, and
- Number of Synchronous Live–Virtual Program Sessions.

Number of Synchronous In–Person Onsite Program Sessions (question 3.21a)

An in–person onsite program session is any planned event that includes an in–person attendance option and takes place at library facilities. Examples include, but are not limited to, a job skills class in the library or a nature program on the library grounds. Regardless of the number of formats in which a program session is offered, each program session should only be counted once and in one format category. Include in–person program sessions that also have a virtual attendance option and count them as a single program session.

This figure is a subset of the Total Number of Synchronous Program Sessions. See Synchronous Program Session definition for more information about counting program sessions.

Number of Synchronous In–Person Offsite Program Sessions (question 3.21b)

An in–person offsite program session is any planned event that includes an in–person attendance option and takes place somewhere other than the library or the library grounds. Examples include, but are not limited to, facilitating a book club at a local nursing home, hosting a storytime at a local farmer's market, or visiting a school to present about library services. Regardless of the number of formats in which a program session is offered, each program session should only be counted once and in one format category. Include in–person program sessions that also have a virtual attendance option and count them as a single program session.

This figure is a subset of the Total Number of Program Sessions. See Synchronous Program Session definition for more information about counting program sessions.

Number of Synchronous Virtual Program Sessions (question 3.21c)

A synchronous (live) virtual program session is any planned event that is streamed virtually and can be viewed live as it progresses (i.e., live-streaming). Regardless of the number of formats in which a program session is offered, each program session should only be counted once and in one format category. Include virtual program sessions that are also recorded. Include program sessions hosted on Facebook Premiere that are facilitated by a staff member. Count virtual program sessions at the administrative entity level; do not duplicate numbers at each branch. Exclude program sessions that also have an in–person component; these should be counted under Number Synchronous In–Person Onsite Program Sessions or Number of Synchronous In–Person Offsite Program Sessions.

This figure is a subset of the Total Number of Synchronous Program Sessions. See Synchronous Program Session definition for more information about counting program sessions.

One–on–One Program Sessions (question 3.22)

- Count library activities that are delivered on a one–to–one basis, rather than to a group, such as one–to–one literacy tutoring, services to homebound (such as delivering an item to someone's home), homework assistance, and mentoring activities.
- Scheduled computer assistance for an individual (whether scheduled with one person or set up as a walk–in time for computer assistance) may be counted as a one–on–one session; if one walk–in time is scheduled and library staff meet with 5 individuals separately it may be counted as 5 sessions with a total of 5 attendees. Computer assistance questions that arise during non–scheduled times should be counted as reference questions regardless of how much time is spent with the individual.

Group Presentations/Information Tables (question 3.23)

- Please include only those presentations/community events at which library staff, trustees or volunteers were present and providing information to people about the library. Do not include unstaffed displays or exhibits.

Attendance at Synchronous Programs Targeted at Adults Age 19 or Older (questions 3.24)

The count of the audience at all program sessions for which the primary audience is adults age 19 or older. Please count all attendees of these program sessions regardless of age.

This figure is a subset of the Total Attendance at Synchronous Programs. See Total Attendance at Synchronous Programs for more information about counting program session attendance.

Attendance at Synchronous Programs Targeted at Young Adults Ages 12-18 (questions 3.25)

The count of the audience at all program sessions for which the primary audience is young adults ages 12 to 18 years. Please count all attendees of these program sessions regardless of age.

This figure is a subset of the Total Attendance at Synchronous Programs.

See Total Attendance at Synchronous Programs for more information about counting program session attendance.

Attendance at Synchronous Programs Targeted at Children Ages 0–5 (questions 3.26a)

The count of the audience at all program sessions for which the primary audience is children ages 0 to 5 years. Please count all attendees of these program sessions regardless of age.

Attendance at Synchronous Programs Targeted at Children Ages 6–11 (questions 3.26b)

The count of the audience at all program sessions for which the primary audience is children ages 6 to 11 years. Please count all attendees of these program sessions regardless of age.

Attendance at Synchronous General Interest Programs (questions 3.27)

The count of the audience at program sessions that are appropriate for any age group or multiple age groups. Please count all attendees of these program sessions regardless of age.

This figure is a subset of the Total Attendance at Synchronous Programs. See Total Attendance at Synchronous Programs for more information about counting program session attendance.

Total Attendance at Synchronous Programs (question 3.28)

This is a total count of the audience at all program sessions during the reporting period. See the Synchronous Program Sessions definition for more detail about what counts as a program session.

- Include all attendees regardless of age (e.g., count all adult attendees of children's programs in children's program attendance).
- For program sessions with both in-person and virtual attendance, combine attendee counts across formats or platforms.

This is the sum of:

- Attendance at Synchronous Programs Targeted at Children Ages 0–5,
- Attendance at Synchronous Programs Targeted at Children Ages 6–11,
- Attendance at Synchronous Programs Targeted at Young Adults Ages 12–18,
- Attendance at Synchronous Programs Targeted at Adults Age 19 or Older,

and

- Attendance at Synchronous General Interest Programs.

Separately, it is also the sum of:

- Synchronous In–Person Onsite Program Attendance,
- Synchronous In–Person Offsite Program Attendance, and
- Synchronous Live–Virtual Program Attendance.

Synchronous In–Person Onsite Program Attendance (question 3.28a)

- The count of in–person attendance at program sessions that take place at library facilities. Regardless of the number of formats in which a program session is offered, each attendee should only be counted once. Each attendee should be counted in the format category in which they attended the program session. For in–person onsite programs that also have a virtual component, exclude virtual attendance; this should be counted under Synchronous Virtual Program Attendance.
- This figure is a subset of the Total Attendance at Synchronous Programs. See Total Attendance at Synchronous Programs for more information about counting program session attendance.

Synchronous In–Person Offsite Program Attendance (question 3.28b)

- The count of in–person attendance at program sessions that take place somewhere other than the library. Regardless of the number of formats in which a program session is offered, each attendee should only be counted once. Each attendee should be counted in the format category in which they attended the program session.
- This figure is a subset of the Total Attendance at Synchronous Programs. See Total Attendance at Synchronous Programs for more information about counting program session attendance.

Synchronous Virtual Program Attendance (question 3.28c)

- The count of live attendance at virtual program sessions. Regardless of the number of formats in which a program session is offered, each attendee or view should only be counted once. Each attendee should be counted in the format category in which they attended or viewed the program session. Count each participant device connected to a virtual program as a single attendee. For program sessions hosted on Facebook Live, YouTube Live, or similar platforms, count peak concurrent viewers. For those hosted on videoconferencing platforms, count the maximum number of non–staff participants during the session. For virtual program sessions that are also recorded for later, on–demand, asynchronous viewing, exclude views that occur after the session has ended;

these should be counted under Total Views of Asynchronous Program Presentations (Q3.29b). For program sessions that also have an in-person component, exclude in-person attendance; this should be counted under Synchronous In-Person Onsite Program Attendance (Q3.28a) or Synchronous In-Person Offsite Program Attendance (Q3.28b).

- This figure is a subset of the Total Attendance at Synchronous Programs. See Total Attendance at Synchronous Programs for more information about counting program session attendance.

One-on-One Program Attendance (question 3.29)

- Count attendance for library activities that are delivered on a one-to-one basis, rather than to a group, such as one-to-one literacy tutoring, services to homebound (such as delivering an item to someone's home), homework assistance, and mentoring activities.
- Scheduled computer assistance for an individual (whether scheduled with one person or set up as a walk-in time for computer assistance) may be counted as a one-on-one session; if one walk-in time is scheduled and library staff meet with 5 individuals separately it may be counted as 5 sessions with a total of 5 attendees. If one walk-in time is scheduled but individual brings along an additional person, count as 1 session with 2 attendees. Computer assistance questions that arise during non-scheduled times should be counted as reference questions regardless of how much time is spent with the individual.

Total Number of Asynchronous Program Presentations (question 3.29a)

An asynchronous program presentation is any recording of program content that cannot be viewed live as it unfolds (i.e., on-demand streaming). Only include program presentations posted during the reporting period. Regardless of the number of platforms on which a presentation is posted, count each unique presentation only once. Include program sessions hosted on Facebook Premiere that are not facilitated by a staff member. Count asynchronous program presentations at the administrative entity level; do not duplicate numbers at each branch. Include recordings of synchronous program sessions that were available for asynchronous viewing after the session ended.

Total Views of Asynchronous Program Presentations within 30 Days (question 3.29b)

The count of views of asynchronous program presentations for a period of thirty (30) days after the presentation was posted, even if that period extends beyond the survey reporting period (or fiscal year). For program presentations made available via Facebook, count unique 1-minute views of each video. For those made available via other platforms, count unique views of each video. For program presentations that are recordings of synchronous virtual program sessions, exclude synchronous attendance; these should be counted under Synchronous In-Person Onsite Program Attendance, Synchronous In-Person Offsite Program Attendance, or Synchronous Virtual Program Attendance.

Summer Reading Program (questions 3.32 – 3.53)

- A summer reading program is any summer reading program sponsored by the library for children and/or young adults, *and/or adults*, regardless of whether the library uses the New York State Summer Reading Program theme(s). Adult programs are programs only for adult audiences.

- When reporting library outlets, include the main library, branches, bookmobiles and any other designated library outlets.
- Count each child, young adult or adult as registered if an official library form has been completed or if the participant has been placed on an official library list designated as registration for the summer reading program.
- Count the number of sessions for the library's summer reading program only; count each session in a series of programs (*i.e.*, a six–week series as six sessions).
- Count attendance at *each* session in a series of programs; count each person in the entire audience regardless of the primary audience.
- Report the number of collaborators by type on questions 3.46 – 3.53.

Early Literacy Programs (questions 3.54 – 3.60)

- Early Literacy Programs are any programs for children age birth through five years, and/or parents and caregivers of children, age birth through five years. These programs provide literacy–based activities for children, and/or teach parents and caregivers techniques to promote literacy–based activities. Children, parents and/or caregivers may not necessarily attend the same sessions.
- Early Literacy Program participants are designated in two groups: Birth – school entry (Kindergarten), and parents and caregivers.
- Count the number of sessions for the library's early literacy program only; count each session in a series of programs (*i.e.*, a six–week series as six sessions).
- Count attendance at *each* session in a series of programs; count each person in the entire audience regardless of the primary audience.
- Indicate all types of collaborators contributing to the Early Literacy Program(s).

Adult Literacy Programs (questions 3.61 – 3.66)

- Use either or both of the following program descriptions to respond. Enter workforce development programs with a target audience of non–adult literacy students under questions 3.17 and 3.24 as Adult Program Sessions
- Adult Literacy Programs include tutor and student training in use of the library and its resources such as computers, library materials, job information, test resources, data bases, workforce development (literacy instruction, resume preparation, job search assistance, GED test preparation, citizenship preparation) and all other types of literacy assistance for adults.
- Count the number of sessions for the library's adult literacy programs as defined above. Programs may be for groups, or may be for one–on–one sessions.
- Partners may include, in addition to those named, public and private agencies which help adults in need of literacy and workforce development assistance.

Programs for English Speakers of Other Languages (ESOL) (questions 3.67 – 3.78)

- Programs for English Speakers of Other Languages (ESOL) are any programs that help speakers of other languages to learn English. Programs may be for groups, or may be one–on–one sessions.
- Count the number of sessions for the library's ESOL program only; count each session in a series of programs (*i.e.*, a six–week series as six sessions).
- Count attendance at *each* session in a series of programs; count each person in the entire audience regardless of the primary audience.

- Indicate all types of collaborators contributing to the ESOL Program(s).

Questions 3.79 through 3.83 **Digital Literacy**

The American Library Association defines digital literacy as the ability to use information and communication techniques to find, evaluate, create and communicate information, requiring both cognitive and technical skills. A few examples of public library digital literacy programs to report in this section include:

- Programs which teach basic computer skills.
- Programs which teach how to create email accounts and other items using social media software.
- Programs which teach use of online applications and job search resources.
- Programs may be for groups, or may be one–on–one sessions.

Questions 3.84 **Teen-Led Activities**

Teen–led programs are library programs where teens take the lead in all or many of the aspects of the program. Libraries should strive to involve teens in every step of the programming process, including the design of the program, marketing, hosting the program and program evaluation. Programs should be facilitated by teens, and teens should be allowed to modify and adapt programs as needed to meet their needs. Teen–led programs may also involve peer–to–peer learning activities, should encourage involvement of diverse and underserved teen groups from the community, and should be driven by teens' needs and interests. Note that data is requested for the last two years.

Part 4 – LIBRARY TRANSACTIONS

Report all transactions as of the end of the fiscal year reported in Part 1. (Please note: Internal Library usage is not considered part of circulation.)

Questions 4.1 – 4.9, 4.11 and 4.15 – 4.17 **Circulation**

- The total annual circulation of all physical library materials of all types, including renewals.
- Count all physical materials in all formats that are charged out for use outside the library. Circulation of uncataloged books, and other non–book materials should be reported in the appropriate category – Adult or Children's Other Materials. Include non–traditional items that are charged out, such as cake pans, tools, Roku sticks, etc. under Circulation of Other Materials.
- Interlibrary loan transactions included are only items borrowed for users. Include items borrowed for users of the reporting library through interlibrary loan (materials received) and charged out for home use by the reporting library's patrons.
- Items loaned in bulk (bulk loans) by your library to schools or other institutions for circulation by the school or institution are counted as one circulation per item (the initial loan from your library to the school or institution).
- Do not include items checked out to another library. Items sent to another autonomous library as interlibrary loan are not counted as circulation by the reporting library.

- Items sent from one outlet of the reporting library to another, *i.e.*, from main library to a branch, are not counted as circulation.
- Items packaged together as a unit which are generally checked out as a unit, should be counted once for each loan of the unit (*e.g.*, two compact discs, two films, two videocassettes, a kit or a set of 25 slides).

Question 4.10 **Circulation of Other Physical Items**

Report a single figure that includes the following: all circulating physical items other than print books, physical audio units, physical video units and serials. These are materials in a fixed, physical format available for use outside the library. These can include a variety of items types, such as wi-fi hotspots, sewing machines, cake pans, tools, etc. Report the number of units, including duplicates. Items packaged together as a unit (such as a set of cookie cutters) and checked out as a unit are counted as one physical unit.

Electronic Use

General guidance regarding retrieval of electronic information vs. use of electronic material (formerly circulation of electronic material):

- If an item can be downloaded and kept forever it should not be counted under use (circulation). For example, Zinio should only be counted under successful retrieval of electronic information, not use (circulation). Overdrive, Freading and Hoopla items are only available for a limited period of time so they should be counted under use (circulation). Use of NOVELNY databases should be counted under successful retrieval of electronic information if the usage statistics are available for your individual library. Roku stick use should not be counted in circulation or successful retrieval of electronic information, but the circulation of the physical stick may be counted in Circulation of Other Materials.

Question 4.12 **Use of Electronic Material**

- Electronic Materials are materials that are distributed digitally online and can be accessed via a computer, the Internet, or a portable device such as an e–book reader. Types of electronic materials include e–books and downloadable electronic video and audio files. Electronic materials packaged together as a unit and checked out as a unit are counted as one use. Include circulation only for items that require a user authentication, and have a limited period of use.
- Overdrive, Freading and Hoopla circulation should be counted here.

Question 4.13 **Successful Retrieval of Electronic Information**

- The number of full–content units or descriptive records examined, downloaded, or otherwise supplied to user, from online library resources that require user authentication but do not have a circulation period. Examining documents is defined as having the full text of a digital document or electronic resource downloaded or fully displayed. Some electronic services do not require downloading as simply viewing documents is normally sufficient for user needs. Include use both inside and outside the library. Do not include use of the OPAC or website. [based on NISO Standard Z39.7 (2013) #7.7, p. 43]

- Use of NOVELNY databases should be counted under successful retrieval of electronic information if the usage statistics are available for your individual library. Use of electronic collections, such as EBSCO, Gale, and Zinio, should be counted here.

Question 4.19 **Reference**

- Reference Transactions are information consultations in which library staff recommend, interpret, evaluate, and/or use information resources to help others to meet particular information needs.
- A reference transaction includes information and referral service as well as unscheduled individual instruction and assistance in using information sources (including web sites and computer–assisted instruction). Count Readers Advisory questions as reference transactions.
- Information sources include
 - printed and non–printed material;
 - machine–readable databases (including computer–assisted instruction);
 - the library's own catalogs and other holdings records;
 - other libraries and institutions through communication or referral; and
 - persons both inside and outside the library
- The request may come from an adult, a young adult, or child
 - in person,
 - by phone,
 - by fax,
 - by mail
 - by electronic mail, or
 - by virtual reference
- When a staff member uses information gained from previous use of information sources to answer a question, the transaction is reported as a reference transaction even if the source is not consulted again.
- If a contact includes both reference and directional services, it should be reported as one reference transaction. Duration should not be an element in determining whether a transaction is a reference transaction.
- NOTE: It is essential that libraries do not include directional transactions in the report of reference transactions. Directional transactions include giving instruction for locating staff, library users, or physical features within the library. Examples of directional transactions include, “Where is the reference librarian? Where is Susan Smith? Where is the rest room? Where are the 600s? Can you help me make a photocopy?”
- If an annual count of reference transactions is unavailable, count reference transactions during a typical week or weeks, and multiply the count to represent an annual estimate. [If the sample is done four times a year, multiply totals by 13, if done twice a year multiply by 26, if done only annually, multiply by 52.] A “typical week” is a time that is neither unusually busy nor unusually slow. Avoid holiday times, vacation periods for key staff, or days when unusual events are taking place in the community or in the library. Choose a week in which the library is open its regular hours.

4.20 Does the Library offer virtual reference? – Virtual reference is a method by which a library may provide reference service online. The reference transaction is a remote computer–mediated communication which also includes delivery of reference information from library staff to users who cannot access or do not want face–to–face communication. Virtual reference service is most often an extension of a library's existing reference service program.

Questions 4.21 – 4.22 **Interlibrary Loan**

- Library materials, or copies of the materials, made available by one library to another upon request, including “patron placed” interlibrary loan requests.
- Report data as an annual figure.
- The libraries involved in interlibrary loan are not under the same library administration.
- Do not count transactions among outlets (*i.e.*, branches and bookmobiles) of the same library.
- Photocopied materials mailed or transmitted to fill an interlibrary loan request are included within the count.
- Do not count bulk loans from the systems or rotating collections as interlibrary loans.
- **Total Materials Received (Borrowed)** (question 4.21) – Library materials, or copies of the materials, borrowed by the reporting library to fill a specific title, author, or subject request (*i.e.*, loans received from other libraries, systems, agencies or suppliers). Materials received (borrowed) are also counted as circulation by the reporting library when charged out for use outside the library by the reporting library's patrons.
- **Total Materials Provided (Loaned)** (question 4.22) – Library materials, or copies of the materials, loaned by the reporting library to the system, other libraries, other systems or agencies to fill a specific title, author, or subject request. Materials provided (loaned) are not counted as circulation by the reporting library.
- "Library administration" means Administrative Entity (not anything broader). Do not include items loaned between outlets within the same library administrative entity.

PART 5 – TECHNOLOGY AND TELECOMMUNICATIONS

Report all information as of December 31, 2022.

Questions 5.1–5.6 **Systems and Services**

5.1 Automated Circulation System – Indicate whether the library has an automated circulation system. The circulation system may be stand alone or system–wide.

5.2 Online Public Access Catalog – Indicate whether the library has an online public access catalog (OPAC). The catalog may be stand alone or system–wide. Please do not report a CD–ROM catalog as an OPAC.

5.3 Electronic Access to OPAC from Outside the Library – Indicate whether the library's online public access catalog (OPAC) can be remotely accessed by other libraries and/or by the public. The catalog may be stand alone or system–wide. Do not report a CD–ROM catalog as an OPAC.

5.4 Annual Number of Visits to the Library's Web Site – Count annual visits to the library via the Internet. A visit occurs when a user (internal or external) connects to the library's web site for any length of time or purpose, regardless of the number of pages or elements viewed. For example, if a user visits the library's web site and looks at 16 pages and 54 graphic images, your web server records this as a single visit.

5.5 Internet Filtering Software – Indicate whether the library uses Internet filtering software on *any* computers.

5.6 **Does Your Library Use Social Media?** – Social media includes Facebook, Instagram, Twitter, Pinterest, YouTube, and more.

5.7 – 5.9 **E–Rate and Consortium** – E–rate benefits are administered by USAC's (Universal Service Administrative Co.) Schools and Libraries Programs. Check yes if you have applied for and received E–rate benefits. Check yes if you are receiving e–rate benefits through participation in a consortium with other e–rate eligible libraries (usually through your library system) and note the consortium.

5.10 – 5.12 **Information Technology Services** – Provide the name, telephone number and email address of the person responsible for the library's Information Technology services.

Part 6 – STAFF INFORMATION

Note: Report figures as of the last day of the fiscal year reported in Part 1. Include the FTE for all positions *funded in the library's budget whether those positions are filled or not*. This report requires conversion of part–time hours to full–time equivalents (FTE). To compute the FTE of employees in any category, take the total number of hours worked per week for all budgeted positions in that category and divide that total by the number of hours per week the library considers to be full–time. Report the FTE to two decimal places.

6.1 **FTE (Full–Time Equivalent) Calculation** – Record the number of hours per week used to compute FTE for all budgeted positions. This should be no more than 40 hours per week.

6.2 – 6.5 **Library Director (Certified); Librarian (Certified)** – Positions counted in this series require a New York State Public Librarian's Certificate, whether provisional or permanent. For question 6.2, do not list an interim or acting director. List only an official director who has been appointed by the Board.

6.6 – 6.9 **Library Manager (Not Certified); Library Specialist/Paraprofessional (Not Certified)**

- Count on questions 6.6 – 6.7 under “Library Manager” the position of library director where the incumbent does not hold a N.Y.S. Public Librarian's Certificate.
- Count on questions 6.8 – 6.9 under “Library Specialist/Paraprofessional” the position with the title of librarian where the incumbent does not hold a N.Y.S. Public Librarian's Certificate and does paid work that usually requires a certified librarian with professional training and skill in the theoretical or scientific aspects of library work, or both, as distinct from its mechanical or clerical aspects.

6.10 – 6.11 **Other Staff** – Count all other paid staff positions not previously counted on questions 6.2 – 6.9.

6.14 – 6.15 **Salary Information Entry Level Librarian** – Report the entry level librarian FTE (based on the number of hours reported on question 6.1) and the current annual salary as of the end of the fiscal year for this position, even if vacant. If a position is vacant, indicate the FTE and annual salary that the employee would earn at the entry level, as if the position were filled. If there is no set “annual” salary figure for any position, then multiply the hourly salary by the

number of hours worked per week by 52 weeks (i.e., salary x number of hours worked per week x 52 weeks). FTE should not be greater than one. The numbers of hours worked per week should not be greater than 40.

6.16 – 6.19 **Salary Information Library Director or Library Manager** – Libraries must report FTE and salary for Library Director (certified) or Library Manager (not certified), not both. Report the FTE (based on the number of hours reported on question 6.1) and the current annual salary as of the end of the fiscal year for this position, even if vacant. If a position is vacant, indicate the FTE and annual salary that the employee would earn if the position were filled. If there is no set “annual” salary figure for any position, then multiply the hourly salary by the number of hours worked per week by 52 weeks (i.e., salary x number of hours worked per week x 52 weeks). FTE should not be greater than one. The numbers of hours worked per week should not be greater than 40.

Part 7 – MINIMUM PUBLIC LIBRARY STANDARDS

Questions 7.1–7.14 **Minimum Public Library Standards**

As of January 1, 2022, all public, free association and Indian libraries in New York State will be required to meet the minimum standards listed below. While a response is not required in 2022, please indicate which of these standards your library already meets as of **December 31, 2022**. This 2022 data will be helpful in informing statewide and regional efforts to ensure that all of New York’s libraries are able to successfully comply with the new minimum standards. [Helpful information for meeting minimum public library standards](#) is available on the State Library’s website. Questions about the new standards should be directed to your library system.

Minimum Public Library Standards Descriptions

STANDARD NUMBER	MINIMUM PUBLIC LIBRARY STANDARDS DESCRIPTION
1	The Library is governed by written bylaws which define the structure and governing functions of the library board of trustees, and which shall be reviewed and re-approved by the board of trustees at least once every five years or earlier if required by law.
2	The Library has a community-based, board-approved, written long-range plan of service developed by the library board of trustees and staff.
3	The Library provides a board-approved written annual report to the community on the library's progress in meeting its mission, goals and objectives, as outlined in the library's long-range plan of service.
4	The Library has board-approved written policies for the operation of the library, which shall be reviewed and updated at least once every five years or earlier if required by law.

5	The Library annually prepares and publishes a board-approved, written budget, which enables the library to address the community's needs, as outlined in the library's long-range plan of service.																
6	The Library periodically evaluates the effectiveness of the library's programs, services and collections to address community needs, as outlined in the library's long-range plan of service.																
7	<p>The Library is open the following scheduled hours:</p> <table border="1"> <thead> <tr> <th><u>Population</u></th> <th><u>Minimum Weekly Hours Open</u></th> </tr> </thead> <tbody> <tr> <td>Up to 500</td> <td>12</td> </tr> <tr> <td>500 – 2,499</td> <td>20</td> </tr> <tr> <td>2,500 – 4,999</td> <td>25</td> </tr> <tr> <td>5,000 – 14,999</td> <td>35</td> </tr> <tr> <td>15,000 – 24,999</td> <td>40</td> </tr> <tr> <td>25,000 – 99,999</td> <td>55</td> </tr> <tr> <td>100,000 and above</td> <td>60</td> </tr> </tbody> </table>	<u>Population</u>	<u>Minimum Weekly Hours Open</u>	Up to 500	12	500 – 2,499	20	2,500 – 4,999	25	5,000 – 14,999	35	15,000 – 24,999	40	25,000 – 99,999	55	100,000 and above	60

8	The Library maintains a facility that addresses community needs, as outlined in the library's long-range plan of service, including adequate space, lighting, shelving, seating, power and data infrastructure, and a public restroom.																
9	The Library provides programming to address community needs, as outlined in the library's long-range plan of service.																
10	The Library provides a circulation system that facilitates access to the local library collection and other library catalogs; and provides equipment, technology, and internet connectivity to address community needs and facilitate access to information.																
11	The Library provides access to current library information in print and online, facilitating the understanding of library services, operations and governance; information provided online shall include the standards referenced in numbers (1) through (5) above.																
12	The Library employs a paid director in accordance with the provisions of Commissioner's Regulation 90.8.																
13	The Library provides library staff with annual technology training, appropriate to their position, to address community needs, as outlined in the library's long-range plan of service.																
14	The Library establishes and maintains partnerships with other educational, cultural or community organizations which enable the library to address the community's needs, as outlined in the library's long-range plan of service.																

Part 8 – PUBLIC SERVICE INFORMATION

Questions 8.1 – 8.5 Public Service Outlets

Report all information as of the end of the fiscal year reported in Part 1.

8.1 Main Library

- A main library may be a single outlet library or the library that is the operational center of a multiple outlet library.
- Usually, all processing is centralized in the main library. The principal collections and administrative services are also usually housed in the main library.
- Each library may report either no main library (“0”) or one main library (“1”); libraries may not report more than one main library. Where two or more libraries are considered “main” for local purposes, one main library and one or more branches should be reported on the annual report.
- Where there are several co–equal outlets and no principal collection, report all such outlets as branches, not main libraries.

8.2 Branches

- A branch library is an auxiliary unit of an administrative entity (or main library) which has at least all of the following: 1) separate quarters; 2) an organized collection of library materials; 3) paid staff; and 4) regularly scheduled hours for being open to the public.
- Do not include the main library.

8.3 Bookmobiles

- A bookmobile is a traveling branch library.
- It consists of at least all of the following: 1) a truck or van that carries an organized collection of library materials; 2) a paid staff; and 3) regularly scheduled hours (bookmobile stops) for being open to the public.

8.4 Other Outlets

- Examples are outlets in senior citizen centers, daycare centers, jails, or other organizations or institutions with designated space and with frequently changed collections of books and other library materials.

Questions 8.6 – 8.13 Public Service Hours

- All libraries should be open for public service on a 52–week basis. Libraries must be open at fixed times per Commissioner's Regulations and are required to be open a minimum number of hours every week based on the size of the population served. These rules do not require any library to be open on legal holidays or Sundays.
- For information on the Minimum Weekly Hours the library should be open every week; refer to the instructions for Standard 7.
- Report to two decimal places.

- Report for the Main Library, branches, and bookmobiles (regardless of whether or not all facilities are open at the same time).
- For each bookmobile count only the hours during which the bookmobile is open to the public.

8.6 – 8.9 **Minimum Weekly Total Hours**

- Report the minimum weekly total scheduled public service hours for the reporting period.
- A “minimum week” is a week in which the library is open its fewest regularly scheduled hours, and contains no holidays/special events. Include seven consecutive calendar days, from Sunday through Saturday, or whatever days the library is open during that period.
- Extensive hours closed to the public due to natural disasters or other events should be excluded from the Minimum Weekly Total Hours even if the staff is scheduled to work.

8.10 – 8.13 **Annual Total Hours**

- Report the total annual public service hours for the reporting period.
- Annual Total Hours must equal the sum of question 15 for all outlets listed on Part 9.
- Minor variations in scheduled public service hours need not be noted.
- Extensive hours closed to the public due to natural disasters or other events should be excluded from the Annual Total Hours even if the staff is scheduled to work.
- If the library does not have branches (multiple outlets), Q8.13 Annual Hours Open should equal Q9.15, Public Service Hours Per Year for this Outlet.

Part 8A – COVID

NOTE: This section of the survey (8A) collects data on the impact of the COVID–19 pandemic. Report all information in Part 8A from January 1, 2022 to December 31, 2022.

CV1 Closed Outlets Due to COVID–19

NOTE: An outlet is considered physically closed when the public cannot access any library buildings or bookmobiles, regardless of staff access. A building can be physically closed but still offer virtual, Wi–Fi, or “curbside” services outside the building.

CV2 Public Services During COVID–19

NOTE: Services to the public can include activities such as

- answering calls, emails, or texts with answers to information requests from the public;
- hosting virtual programming or recorded content;
- offering “curbside,” delivery (mail or drop–off), or drive–thru circulation of physical materials;
- managing IT services to ensure external Wi–Fi access; and
- providing other types of online and electronic services, regardless of the location of library staff when they provided services (i.e., working from home or in the building that was closed to the public).

CV3 Electronic Library Cards Issued During COVID–19

NOTE: Online library cards provide users access to electronic collection materials and databases without having to be physically present at a library outlet to register for the card. Refer to the definition of Number of Registered Users (Q16.13).

CV4 Reference Service During COVID–19

NOTE: Refer to the definition of Reference Transactions (Q4.18). Include references service provided via email, chat, and text.

CV5 Outside Service During COVID–19

NOTE: Includes any contactless or minimal contact provision of circulation items. Similar terms could include curbside, vestibule, or porch pickups, delivery (mail or drop-off), drive–thru, etc.

CV6 External WiFi Access Added During COVID–19

NOTE: Includes “parking lot access,” bookmobiles or other mobile facilities with Wi–Fi capabilities.

CV7 External WiFi Access Increased During COVID–19

NOTE: Includes "parking lot access," bookmobiles or other mobile facilities with Wi–Fi capabilities. Increasing access could mean removing restrictions on sign–in authorizations, expanding router reach, leaving Wi–Fi service on 24 hours, installing or moving access points to promote or improve external access, etc.

CV8 Staff Re–Assigned During COVID–19

NOTE: Include reassignments to other government agencies (e.g., to process unemployment claims), as well as other activities such as the use of library staff to distribute school lunches and other materials. Volunteering during work hours would count but volunteering off hours would not.

Part 9 – SERVICE OUTLET INFORMATION

Report all information as of the end of the fiscal year reported in Part 1.

NOTE: Libraries reporting Public Service Outlets in questions 8.1, 8.2 and 8.3 of Part 8 are required to complete this part of the Annual Report. Use this section to enter outlet information on main libraries, branches or bookmobiles. Complete one record for *each* main library, branch or bookmobile.

If you have multiple libraries, you may 1) enter the data for the Service Outlet Information section directly into the survey as usual or 2) send Baker and Taylor the data for this section to be uploaded into CollectConnect. If you choose to send your data for

uploading, you will enter the data into the spreadsheet form available in the survey. A link to an Excel sheet listing prior year outlets is located in section 9. Complete this form and email it to collectconnect@baker-taylor.com and your data will be uploaded into CollectConnect within 24 hours. The data will be loaded in the same order in which it appears in your file, so libraries should be in the correct order on the spreadsheet.

- Report complete information for each of the library's main libraries, branch libraries or bookmobiles (do not abbreviate).
- Question 2 **Name status**– is a locked field for New York State Library use only.
- Question 3 **Street Address**– This field is pre-filled and locked. If the outlet's street address has changed please enter it as a Note.
- Question 4 **Address status** – is pre-filled with 00 (no change). Choose from 00 (no change), 07 (moved to a new location) or 15 (preferred street address).
- Questions 5 – 9 For bookmobiles, report the address as that of the outlet that operates the bookmobile service.
- Provide information for each main library, branch, or bookmobile reported on questions 8.1, 8.2, and 8.3 only. Note that each bookmobile must have its own outlet record.
- Do not enter Outlet information for Other Outlets (question 8.4).
- Provide information for each main library, branch, or bookmobile reported on questions 8.1, 8.2, and 8.3 only. Note that each bookmobile must have its own outlet record.
- Do not enter Outlet information for Other Outlets (question 8.4).
- Question 10 **Outlet URL** – for the main library, this should be the same URL entered on question 1.23.
- Question 12 **School District** – Complete this field which asks for the name of the school district in which the outlet is located.
- Question 13 **Library System** – The name of the public library system of which the library is a member.
- Question 14 **Outlet Type Codes: CE** – Main Library; **BR** – Branch Library; **BS** – Bookmobile
- Question 15 **Public Service Hours per Year for This Outlet** – This is the number of annual public service hours for this outlet only. Include the actual hours open for public service. For bookmobiles, count only the hours during which the bookmobile is open to the public. Minor variations in public service hours need not be included. Extensive hours closed to the public due to natural disasters or other events should be excluded from the count even if the staff is scheduled to work.
- Question 16 **Number of Weeks This Outlet is Open** – This is the number of weeks during the year that this outlet is open to the public. Include the number of weeks open for public service. For bookmobiles, count only the weeks during which the bookmobile is open to the public. The count should be based on the number of weeks that the library outlet was open for half or more of its scheduled service hours. Extensive weeks closed to the public due to natural disasters or other events should be excluded from the count even if the staff is scheduled to work. Do not calculate the number of weeks based on total number of service hours per year at this outlet by dividing total hours by the average hours open per week. Round to the nearest whole number of weeks. If the outlet was open less than half its scheduled hours, round down.
NOTE: Q9.16a and Q9.16b collect data on the impact of the COVID-19 pandemic.

- **16a Number of Weeks an Outlet Closed Due to COVID-19** – This is the number of weeks during the year that due to the Coronavirus (COVID-19) pandemic, an outlet building was physically closed and the public could not enter, when it otherwise would have been open.

NOTE: Round to the nearest whole number. If building did not close to the public due to the pandemic, enter zero. The sum of the Number of Weeks an Outlet is Open (Q9.16) and the Number of Weeks an Outlet Closed Due to COVID-19 should equal or be fewer than 52 weeks. An outlet is considered physically closed when the public cannot access any library buildings or bookmobiles, regardless of staff access. A building can be physically closed but still offer virtual, Wi-Fi, or "curbside" services outside the building.
- **16b Number of Weeks an Outlet Had Limited Occupancy Due to COVID-19** – This is the number of weeks during the reporting period that an outlet implemented limited public occupancy practices for in-person services at the library building in response to the Coronavirus (COVID-19) pandemic.

NOTE: Round to the nearest whole number. If building did not have a limited occupancy or similar practice due to the pandemic, enter zero. Weeks can be counted in both data elements Number of Weeks Open (actual weeks) and Number of Weeks An Outlet Had Limited Occupancy Due to COVID-19 (that is, a library was open to the public and implementing limited occupancy practices in the same week).

Limited public occupancy practices can include reduced hours open, limits on the number of public members inside the physical building, appointment only on-site library use, visitor time limits, closed stacks or meeting rooms, etc.
- **Questions 17 – 19 Meeting Space for Public Use** – Meeting Space for Public Use – Indicate if the outlet has separate meeting space available for use by public and community groups, and if the space is available when the outlet is closed. It is irrelevant whether the library charges for use of the meeting room or whether it charges for some organizations (such as for-profit businesses) and not for other organizations (such as non-profit agencies). Report the number of non-library sponsored programs, meetings and/or events. Count the number of sessions, not the number of individuals attending. Events may or may not be open to the public. For example, count a program, meeting or event which is offered by a separate organization or agency (not the library or branch) where the library is not a partner. Include meetings in rooms which may be considered conference rooms, such as rooms typically used for group study or small meetings. Do not report programs, meetings and/or events sponsored, organized or initiated by the library; library-sponsored programs are reported on Part 3.
- **Question 20 Outlet Codes: LO** – The outlet is owned by the library board; **LR** – The outlet is rented by the library board; **LRF** – The outlet is used by the library board rent-free; **N/A** – none of the above.
- **Questions 21 – 22 Outlet and Site Ownership** – Indicate who owns the building and the site on which the building is located.
- **Questions 23 – 24 Outlet Renovation** – Please indicate the year this building was originally constructed.
- Please indicate the last year this building underwent a major renovation costing \$25,000 or more.
- **Question 25 Square Footage:** This question is pre-filled and locked. Provide the area, in square feet, of the public outlet (main library or branch). Report the total area in square feet for each library outlet (main library or branch); for bookmobiles enter N/A. This is the area on all floors enclosed by the outer walls

of the library outlet. Include all area occupied by the library outlet, including those areas off-limits to the public. Include any areas shared with another agency or agencies if the outlet has use of that area.

- **Question 26 Number of Internet Computers Used by General Public** – Report the number of the library's Internet computers [personal computers (PCs), laptops, and tablets], whether purchased, leased, or donated, used by the general public in the library. Do not include computers that connect to the Internet for a dedicated purpose (e.g., to access an OPAC or specific database, or to train the public) or purposes.
- **Question 27 Number of Uses of Public Internet Computers per Year** – Report the total number of uses (sessions) for Internet computers in the library during the last year. If the computer is used for multiple purposes (Internet access, word-processing, OPAC, etc.) and Internet uses (sessions) cannot be isolated, report all usage. A typical week or other reliable estimate may be used to determine the annual number. Sign-up forms or Web-log tracking software also may provide a reliable count of uses (sessions).

Note: The number of uses (sessions) may be counted manually, using registration logs. Count each use (session) for public Internet computers, regardless of the amount of time spent on the computer. A use (session) on the library's public Internet computer(s) three times a year would count as three uses (sessions). If the data element is collected as a weekly figure, multiply that figure by 52 to annualize it. This count includes only the library's Internet computers. Do not include wifi access using nonlibrary computers.

- **Question 27a Reporting Method for Number of Uses of Public Internet Computers Per Year** – Regarding the Number of Uses (Sessions) of Public Internet Computers per Year entered, is this an annual count or an annual estimate based on a typical week or weeks?
Select one of the following:
CT – Annual Count
ES – Annual Estimate Based on Typical Week(s)
- **Question 28 Type of Connection on Public Library Internet Computers** – Report the type of Internet service connection for the Internet terminals used by the general public. If unknown, consult with your public library system headquarters.
- **Question 29 Maximum Download Speed of Connection on the Outlet's Public Access Internet Computers** – Report the download speed of the connection on the Internet access terminals used by the general public only. If unknown, consult with your public library system headquarters.
- **Question 30 Maximum Upload Speed of Connection on the Outlet's Public Access Internet Computers** – Report the upload speed of connection for the Internet access terminals used by the general public only. If unknown, consult with your public library system headquarters. Note that generally your upload speed is slower than your download speed.
- **Question 31 Internet Provider** – Report the name of the Internet provider used by the library. Specify using the Note if “Other” is selected from the menu.
- **Question 32 WiFi Availability to Patrons** – If you offer WiFi to your patrons, please indicate if there are any restrictions to accessing it. For example, indicate if no restrictions to access, password required, available only when the library is open, the library does not offer WiFi to patrons or other (specify using the Note).

- Question 33 **Wireless Sessions** – Report the number of wireless sessions provided by the library wireless service annually. Count one session for each time a device connects to the library's wireless network, regardless of the duration of connection. If possible, only count sessions for patron devices and exclude library devices such as routers, access points, printers, and public access computers; otherwise, if patron devices cannot be isolated, report sessions for all devices.

NOTE: If an annual count of wireless sessions is unavailable, count wireless sessions during a typical week or weeks using methods like hardware logging or network scanning, and multiply the count to represent an annual estimate. (Do not conduct visual surveys of devices in use as a method to establish a count of a typical week.) A “typical week” is a time that is neither unusually busy nor unusually slow. Avoid holiday times, vacation periods for key staff, or days when unusual events are taking place in the community or in the library. Choose a week in which the library is open its regular hours.

- Question 33a **Reporting Method for Wireless Sessions** – Regarding the number of Wireless Sessions entered, is this an annual count or an annual estimate based on a typical week or weeks of hardware logging or network scanning?

Select one of the following:

CT – Annual Count

ES – Annual Estimate Based on Typical Week(s)

- Questions 34 – 35 **Accessibility** – Indicate whether the building is accessible to a person in a wheelchair and whether the rest of the outlet is accessible to a person in a wheelchair.
- Question 36 **Does your outlet have a Makerspace?** – A Makerspace is a space in the library that allows patrons to create in a communal space using technology. This could include 3D printing, photo editing, video and audio recording/editing, animation, coding and programming, digital design, robotics, sewing and more.
- Questions 37 – 40 are locked fields for New York State Library use only.

Part 10 – OFFICERS AND BOARD MEMBERS

Report information about trustee meetings as of December 31, 2022. All public and association libraries are required by Education Law to hold at least four meetings a year.

10.1 Total Number of Board Meetings – Report the number of business meetings held by the library's board as of December 31 of the reporting year. All public and association libraries are required by Education Law to hold at least four meetings per year.

10.2 – 10.5 Number of Trustees – Indicate the number of trustees as stated in the library's charter documents. Include trustee changes that resulted from Board of Regents approved amendments to the charter. If the library has a range of trustees, the current number of trustees should be listed in the library's by-laws, in addition to the range. Indicate the number of current voting positions according to the current by-laws. Report only the total number of voting positions on the library board. Include vacant positions. Do not include ex-officio (non-voting members or community liaison) to the library

board. Note that these fields are pre-filled but not locked. Please explain any changes in the note field.

10.6 & 10.7 Terms of Trustees – Report the length of the full term of library's trustees as stated in the library's charter (for example, 5 years). Include trustee changes that resulted from Board of Regents approved amendments to the charter. If the library charter does not state a specified term please explain in a Note. Note that these fields are pre-filled but not locked. Please explain any changes in the note field.

10.8 Board Member Selection Code – Indicate the code that best represents the selection process for library board members:

- EP – board members are elected in a public election
- EA – board members are elected by the library association membership
- A – board members are appointed by municipality(ies)
- O – other (specify using the Note)

10.9 – 10.15 Board President – Provide information for the library's Board President as of February 1, 2023. For privacy issues, the address, telephone and e-mail address are collected for internal use only by Division of Library Development Staff and will not be disseminated. Enter the Board President's telephone number (required) and e-mail address. If the Board President does not have a designated email address, libraries are encouraged to provide an email address for him/her. If preferred, libraries may create one mailbox for all trustees to use within the library email domain.

10.16 – 10.20 Trustee Term Beginning/Ending dates – Please indicate the beginning and end dates of the trustee's term. If a new trustee is filling a partial term, the end date may be different depending on the type of library and the method of trustee selection (election or appointment). Typically all trustees that have full terms should have terms that start in the same month (with differing years) and end in the same month (with differing years) (e.g. if the terms are based on the calendar year all trustees would have terms beginning in January and ending in December; the months should not vary from trustee to trustee if they are serving full terms). Example: Trustee is filling the remainder of [name]'s term, which was to run from beginning date to ending date.

- For trustees elected by the voters – the end date (year) for a new trustee who is filling someone else's term would reflect that the position will be filled at the next election.
- For trustees appointed by a municipality or district – the end date for a new trustee filling someone else's term would typically be the same end date as that of the trustee who vacated the position.
- Trustee terms are typically three, four or five years and are usually specified in the library's charter (incorporation). In some cases, the length of trustee terms may be specified in Education Law, in special legislation or in the library's bylaws. The expiration of trustee terms is staggered to ensure continuity and stability in governance.

10.21 – 10.22 Oath of Office – Please indicate the date the trustee took the oath of office and the date it was filed. Trustees should take a new oath of office every time they begin

a new term. The oath is required by Public Officers Law (Section 10) for all public (not association) library trustees. Association libraries may enter N/A.

10.23 **Brand New Trustee** – Indicate Y or N for each trustee. If a trustee has ever served on a library board before this year, indicate N. If the trustee is a trustee who has never served on a library board in New York State, indicate Y.

- Please Note: last year's answers for repeating groups cannot be displayed.
- You may 1) enter the data for the Officers and Board Members directly into the survey as usual or 2) send Baker and Taylor the data for this section to be uploaded into CollectConnect (but do not include the Board President – this information should still be entered directly into the survey). If you choose to send your data for uploading, you must enter the data into the spreadsheet form available [here](#). Please Note: It is customized and contains all the data entered last year to be updated this year. Complete this form and email it to collectconnect@baker-taylor.com. To update the 2022 trustee information, a link to an Excel sheet listing prior year trustees is located in section 10. After the sheet is completed, email it to collectconnect@baker-taylor.com ; the trustee information will be uploaded by Baker & Taylor.

List of Officers and Board Members

Questions 1 – 7:

- Provide information for officers and members of the library board as of February 1, 2023. For privacy issues, the address and email address information are collected for internal use only by Division of Library Development Staff and will not be disseminated.
- The number of board member records should be the same as the number of voting board member positions entered in questions 10.4 or 10.5.
- Complete one record for each Board Member. If a position is vacant, enter “Vacant” in question 1 and N/A in questions 2 through 15 of the repeating group for *each* vacant voting board member position.
- Do not report *ex-officio* (non-voting) board members or community liaisons to the library board. *Ex-officio* (voting) board members should be reported.
- Enter e-mail addresses for all the trustees. If the trustees do not have designated email addresses, libraries are asked to provide email addresses for them.

Question 8: **Office Held or Trustee**

- Enter office held by Board Member. If a Board Member does not hold an office, indicate Trustee.

Questions 9 – 13: **Trustee Term Beginning/Ending dates** – Please indicate the beginning and end dates of the trustee's term. If a new trustee is filling a partial term, the end date may be different depending on the type of library and the method of trustee selection (election or appointment). Typically all trustees that have full terms should have terms that start in the same month (with differing years) and end in the same month (with differing years) (e.g. if the terms are based on the calendar year all trustees would have terms beginning in January and ending in December; the months should not vary from

trustee to trustee if they are serving full terms). “Example: Trustee is filling the remainder of [name]'s term, which was to run from beginning date to ending date.”

- For trustees elected by the voters – the end date for a new trustee who is filling someone else's term would reflect that the position will be filled at the next election.
- For trustees appointed by a municipality or district – the end date for a new trustee filling someone else's term would typically be the same end date as that of the trustee who vacated the position.
- Trustee terms are typically three, four or five years and are usually specified in the library's charter (incorporation). In some cases, the length of trustee terms may be specified in Education Law, in special legislation or in the library's bylaws. The expiration of trustee terms is staggered to ensure continuity and stability in governance.

Questions 14 – 15: **Oath of Office** – Please indicate the date the trustee took the oath of office and the date it was filed. Trustees should take a new oath of office every time they begin a new term. The oath is required by Public Officers Law (Section 10) for all public (not association) library trustees. Association libraries may enter N/A.

Question 16: **Brand New Trustee** – Indicate Y or N for each trustee. If a trustee has ever served on a library board before this year, indicate N. If the trustee is a trustee who has never served on a library board in New York State, indicate Y.

Trustee Education

Questions 1 – 2: – Complete one record for each person serving as a trustee as of December 31, 2022. These trustees will not be exactly the same as the trustees listed in the section above. Do not list brand new trustees who are starting their first term in 2023. Trustee education can be completed by participating in trustee training, workshops, and seminars or conference sessions. Trustee education includes in-person and/or online instruction in the following areas: powers, functions, duties and organization of library boards; financial oversight, accountability and fiduciary responsibilities of library boards including budgeting; bylaws and policies; NYS laws and regulations affecting public, free association and Indian libraries; human resources/personnel; advocacy; and related topics. These trustees will not be exactly the same as the trustees listed in the section above.

FINANCIAL REPORT PARTS 11 – 14

Report financial data based on the fiscal reporting year reported in Part 1. **ROUND TO THE NEAREST DOLLAR.**

- The Operating Fund Report and the Capital Fund Report are to be used by public and association libraries in reporting fiscal matters for the Fiscal Reporting Year ending 2022.
- Report whole dollar amounts, rounded to the nearest whole dollar.

- This report reflects only money actually received and disbursed by the library under direction of its Board of Trustees, except as noted in Employee Benefits.
- Report amounts actually received and/or disbursed during the fiscal reporting year; do not include accruals for anticipated income and/or disbursements.
- The value of endowments, investment accounts or existing assets **SHOULD NOT** appear on the Financial Report; report only income from investment deposited into the Operating Fund.
- Do not estimate receipts and/or expenditures for any item furnished free, such as rent, utilities or volunteer help.
- Grand Total Receipts must equal Grand Total Disbursements in both the Operating Fund and the Capital Fund.

Part 11 – OPERATING FUND RECEIPTS

LOCAL PUBLIC FUNDS FROM LOCAL SPONSORS

Report financial data based on the fiscal reporting year reported in Part 1. (Q1.6 and Q1.7, or Q1.9 and Q1.10 if the fiscal reporting year has changed since the previous annual report). **ROUND TO THE NEAREST DOLLAR.** Please read general instructions before completing this section.

11.1 Indicate whether the reporting library receives local public funds from municipalities or school districts. If yes, complete one record for each taxing authority; if no, go to question 11.3.

- Specify by name the municipalities or school districts that are the source of the funds and report the corresponding dollar amount.
- Record all funds supplied by all local taxing authorities that are municipalities or school districts.
- Funds may be from the library 's sponsoring municipality or from a non – sponsoring municipality in payment for library services.
- For each municipality or school district, indicate whether public funds received were subject to a public vote (or that came from a previous vote that is still in effect), and/or whether the funds were received through contractual agreement.
- For special legislative districts, separately report each municipal entity that levies and collects the tax receipts for the district as specified in the library 's legislation.

11.2 **TOTAL LOCAL PUBLIC FUNDS** – Sum of question 3 of Repeating Group #5.

11.3 – 11.8 **SYSTEM CASH GRANTS TO MEMBER LIBRARIES**

11.3 Record all Local Library Services Aid (LLSA) monies received from system headquarters Ed. Law 273.l.f.5.

11.4 Record all Central Library Services Aid monies received from system headquarters.

11.5 Record all other State Aid monies, such as Regional Bibliographic Database (RBDB), or Special Legislative Grants received through system headquarters.

11.6 Record all Federal Aid monies, such as LSTA, received from system headquarters.

11.7 Record all other cash grants monies, such as special grants for travel or conference attendance, received from system headquarters. Do not include the cost of library materials or equipment given by the system headquarters to a member library.

11.8 **TOTAL SYSTEM CASH GRANTS** – Sum of Local Library Services Aid, Central Library Aid, Additional State Aid received from the System, Federal Aid received from the System, and Other Cash Grants (questions 11.3 through 11.7).

11.9 **OTHER STATE AID**

- Record State monies received in fiscal year ending 2022 other than LLSA and money received through the library system. Report here monies received directly by the library, such as direct Special Legislative Grants, Parent and Child Services Grant, Adult Literacy Services Grant, Conservation/ Preservation Grant, Council on the Arts money, etc.
- If the library does not have a separate capital funds account, report here any monies received in fiscal year ending 2022 through the Public Library Construction Grant Program.
- Report LLSA in question 11.3.

11.10 – 11.12 **FEDERAL AID FOR LIBRARY OPERATION**

11.10 Record operating money paid directly to the library from Library Services Technology Act (LSTA).

11.11 Record funds received directly from any other Federal Programs, which are used for library operations.

11.12 **TOTAL FEDERAL AID** – Sum of LSTA and Other Federal Aid (questions 11.10 and 11.11).

11.13 **CONTRACTS WITH PUBLIC LIBRARIES AND/OR PUBLIC LIBRARY SYSTEMS IN NEW YORK STATE** – Record all contractual money received by the reporting library from any public or free association library or public library system in New York State as payment for services rendered by the reporting library.

- Other – revenues which are not explained elsewhere such as United Way, contracts with non-member libraries or college and research libraries (other than NYPL Research), or libraries out of state, etc.

11.19 **TOTAL OTHER RECEIPTS** – Sum of Gifts and Endowments, Fund Raising, Income from Investments, Library Charges and Other (questions 11.14 through 11.18).

11.20 **TOTAL OPERATING FUND RECEIPTS** – Sum of Total Local Public Funds, Total System Cash Grants, Other State Aid, Total Federal Aid, Contracts and Total Other Receipts (questions 11.2, 11.8, 11.9, 11.12, 11.13 and 11.19).

11.21 **BUDGET LOANS** – Record the principal of all budget loans received during the fiscal year and not paid back prior to the end of the fiscal year. Omit principal of budget loans made and paid back during the fiscal year.

11.22–11.24 TRANSFERS

11.22 **Transfer from Capital Fund** – Record funds transferred from capital fund to be used in the operating fund (same as Transfer to Operating Fund, question 14.8, Capital Fund Disbursements).

11.23 **Transfer from Other Funds** – Record funds transferred from the principal of any trust or endowment funds other than the Capital Fund, which are to be used in the operating fund.

11.24 **TOTAL TRANSFERS** – Sum of Transfer from Capital Fund and Transfer from Other Funds (questions 11.22 and 11.23).

11.25 **BALANCE IN OPERATING FUND – Beginning Balance for Fiscal Year Ending 2022** – Record operating funds held in checking accounts, interest bearing time open accounts, time certificates of deposit, and temporary investments, etc. Do not include inactive portfolio funds that have not passed through an active library account during the reporting year. **This must be the same figure reported in question 12.40 Balance at the End of Fiscal Year ending 2021 of the 2021 Annual Report unless the fiscal year has changed. If the Opening Balance must be altered due to an audit or some other reason, please get in touch with the New York State Library to resolve the problem.**

11.26 **GRAND TOTAL RECEIPTS, LOANS, TRANSFERS, AND BALANCE** – Sum of Total Operating Fund Receipts, Budget Loans, Total Transfers, and Balance (questions 11.20, 11.21, 11.24 and 11.25). Must equal Grand Total Disbursements, Transfers and Balance in Part 12, question 12.40, Operating Fund Disbursements.

Part 12 – OPERATING FUND DISBURSEMENTS

Report financial data based on the fiscal reporting year reported in Part 1. (Q1.6 and Q1.7, or Q1.9 and Q1.10 if the fiscal reporting year has changed since the previous annual report). ROUND TO THE NEAREST DOLLAR. Please read general instructions before completing this section.

Note: Federal Aid – Library Operation. Funds for operating purposes received from such Federal programs as Library Services Technology Act (LSTA) (reported as receipts in question 11.10) or Library Services and Construction Titles (LSCA) IV, V and VI, etc. (reported as receipts in question 11.11) must be shown as disbursements in the Operating Fund Disbursement report. For example, LSTA or LSCA Title V money used for library materials must be included in an appropriate section within Collection Expenditures (questions 12.6 through 12.8).

12.1–12.5 STAFF EXPENDITURES

12.1–12.3 SALARIES & WAGES

12.1 **Certified Librarians** – Record salaries paid to professional NYS certified librarians.

12.2 **Other Staff** – Record salaries paid to librarians who do not hold certification and to all other staff employed by the library.

12.3 **Total Salaries** – Sum of questions 12.1 and 12.2.

12.4 **Employee Benefits** – Record employer's contribution for employee benefits, including, but not limited to:

- State Retirement – New York State Employees' Retirement System.
- Private Retirement – Any retirement system other than New York State Employees' Retirement System.
- Social Security
- Unemployment Insurance
- Workmen's Compensation
- Disability Insurance
- Life Insurance
- Hospital and/or Medical Insurance

12.5 **Total Staff Expenditures** – Sum of questions 12.3 and 12.4.

Note: In cases where local sponsors (*e.g.* municipalities or districts) directly pay the library's Employee Benefits listed above, without such sums going through the library's Board of Trustees, the library may report such money. If this is done, an equal sum must be included under the appropriate receipt category (question 11.2) so that the annual report is in balance. The library must be able to produce reliable evidence when reporting these sums.

12.6–12.9 **COLLECTION EXPENDITURES**

12.6 Print Materials – Record all operating expenditures for the following print materials: books, current serial subscriptions, government documents, and any other print acquisitions.

12.7 Electronic Materials – Record all operating expenditures for electronic (digital) materials. Types of electronic materials include e-books, audio and video downloadables, e-serials (including journals), government documents, databases (including locally mounted, full text or not), electronic files, reference tools, scores, maps or pictures in electronic or digital format, including materials digitized by the library. Electronic materials can be distributed on magnetic tape, diskettes, computer software, CD-ROM, or other portable digital carrier, and can be accessed via a computer, via access to the Internet, or by using an e-book reader. Include equipment expenditures that are inseparably bundled into the price of the information service product. Include expenditures for materials held locally and for remote electronic materials for which permanent or temporary access rights have been acquired. Include expenditures for database licenses. [NOTE: Based on ISO 2789 definition.]

12.8 **Other Materials** – Record all operating expenditures for other materials, such as audio and video physical units, microform, audio, video, DVD, and materials in all other forms.

12.9 **TOTAL COLLECTION EXPENDITURES** – Sum of all expenditures for print materials, electronic materials, and other materials (questions 12.6 through 12.8).

12.10–12.12 **CAPITAL EXPENDITURES FROM OPERATING FUNDS**

If you report capital expenditures from operating funds, you must use questions 12.10 and 12.11 (codes 71PF and 71OF) to break down expenditures into "From Local Public" and/or "From Other" funds. Record the cost of all capital expenditures from operating funds including the cost of all vehicles and equipment purchased from operating funds. Total capital expenditures are the sum of questions 12.10 and 12.11.

12.13–12.17 **OPERATION AND MAINTENANCE OF BUILDINGS**

12.13–12.15 **Repairs to Buildings and Building Equipment** – Record costs of repairs to buildings and its equipment. For repairs to office equipment, use Equipment (question 12.23). If you report repair expenditures, you must use questions 12.13 and 12.14 (codes 72PF and 72OF) to break down expenditures into "From Local Public" and/or "From Other" funds. Total repairs are the sum of questions 12.13 and 12.14.

12.16 **Other Disbursements** – Record all other costs related to the operation and maintenance of buildings, including but not limited to fuel and utilities (fuel, electricity, gas, etc.), insurance (other than those reported under employee benefits), custodial supplies, rental of quarters, and contracts for janitorial service, window washing, snow removal, etc.

12.17 **TOTAL OPERATION AND MAINTENANCE OF BUILDINGS** – Sum of questions 12.15 and 12.16.

12.18–12.23 **MISCELLANEOUS EXPENSES**

12.18 **Office and Library Supplies** – Record costs of such items as paper, ink and other supplies for photocopy and fax machines, computer diskettes, plastic jackets, cards and pockets, bindery supplies, etc.

12.19 **Telecommunications** – Record fees for telecommunications including telephone and Internet operation and installation (*e.g.*, cable, DSL, T1 lines).

12.20 **Postage and Freight** – Record costs of postage, UPS, and other freight and delivery costs.

12.21 **Professional & Consultant fees** – All libraries enter total paid for professional and consultant fees. If the cost for any one professional or consultant's fee is over \$10,000, please describe in the Note. Professional & Consultant includes: attorney,

accountant, auditor, financial advisor, educators, program presenters, performers and others.

12.22 Equipment – Record costs of such items as photocopiers, fax machines, computers, printers, scanners, etc. Also include expenses for office equipment repairs, office equipment maintenance contracts and rentals/leases of equipment. Related technology expenses, such as software and web server services should be included in Other Miscellaneous (12.23). If any expense exceeds \$10,000 or 5% of the library's budget, whichever is higher, indicate in a Note how the funds were spent.

12.23 Other Miscellaneous – Record all expenses not appropriate to above categories. Include here contract money paid to libraries or systems that are not members of a New York State Public Library System. If any expense exceeds \$10,000 or 5% of the library's budget, whichever is higher, indicate in a Note how the funds were spent.

12.24 TOTAL MISCELLANEOUS EXPENSES – Sum of questions 12.18 through 12.23.

12.25 CONTRACTS WITH PUBLIC LIBRARIES AND/OR PUBLIC LIBRARY SYSTEMS IN NEW YORK STATE– Record money paid for services purchased by the reporting library from other free association, public libraries or Public Library Systems in New York State.

12.26–12.28 CAPITAL PURPOSES LOANS

12.26–12.27 Capital Purposes Loans – Record payment from operating funds of principal and of interest on capital purposes loans issued in a prior year. If you report expenditures, you must use special codes 73PF and 73OF to break down expenditures into “From Local Public” and/or “From Other” funds. Total Capital Purposes Loans are the sum of questions 12.26 and 12.27.

12.29–12.30 OTHER LOANS

12.29 Budget Loans – Record payment from operating funds of principal and interest on budget loans issued in a prior year.

12.30 Short Term Loans – Record payment from operating funds of interest on short-term loans; i.e., loans made and paid back within the current fiscal year.

12.31 TOTAL DEBT SERVICE – Sum of questions 12.28 through 12.30.

12.32 TOTAL OPERATING FUND DISBURSEMENTS – Sum of Total Personnel Costs, Total Collection Expenditures, Total Capital Expenditures, Total Operation and Maintenance of Buildings, Total Miscellaneous Expenses, Contracts, and Total Debt Service (questions 12.5, 12.9, 12.12, 12.17, 12.24, 12.25 and 12.31).

12.33–12.37 TRANSFERS

12.33–12.35 **Transfer to Capital Fund** – Record funds transferred from operating funds into capital funds (same as Transfer from Operating Fund, question 13.8, Capital Fund Receipts). If you report transfers, you must use questions 12.33 and 12.34 (codes 76PF and 76OF) to break down expenditures into "From Local Public" and/or "From Other" funds. Total Transfers to Capital Fund are the sum of questions 12.33 and 12.34. Total Transfers to Capital Fund must equal question 13.8.

12.36 **Transfer to Other Funds** – To be used by libraries permitted to have special fund accounts other than capital funds. Record total of funds transferred into special fund accounts such as memorial accounts, etc. as well as money returned to municipality, such as fines and gifts, and unspent balance where the municipality requires it.

12.37 **TOTAL TRANSFERS** – Sum of questions 12.35 and 12.36.

12.38 **TOTAL DISBURSEMENTS AND TRANSFERS** – Sum of Total Operating Fund Disbursements and Total Transfers (questions 12.32 and 12.37).

12.39 **BALANCE IN OPERATING FUND – Ending Balance for the Fiscal Year Ending 2022** – Record operating funds held in checking accounts, interest bearing time open accounts, time certificates of deposit, and temporary investments, etc.

12.40 **GRAND TOTAL DISBURSEMENTS, TRANSFERS, AND BALANCE** – Sum of Total Operating Fund Disbursements, Total Transfers, and Balance (questions 12.38 and 12.39). Must equal Grand Total Receipts, Transfers and Balance in question 11.26 in Operating Fund Receipts.

12.41 **ASSURANCE** – Enter the date the Annual Report was reviewed and accepted by the Library Board.

12.42–12.44 **FISCAL AUDIT** – Enter the date of the library's last fiscal audit, the time period covered by the audit and the type of audit performed. If the library has not had a fiscal audit within the last five years, enter N/A.

12.45 **CAPITAL FUND** – Indicate whether the library has a capital fund. If no, stop here. If yes, complete the Capital Fund Report.

CAPITAL FUND REPORT – Fiscal Year reported in Part 1.

The Capital Fund Report is to be used by public and association libraries in reporting fiscal matters related to the Capital Fund.

Part 13 – CAPITAL FUND RECEIPTS

Report financial data based on the fiscal year reported in Part 1. *ROUND TO THE NEAREST DOLLAR*. Please read general instructions before completing this section.

Part 15 – STATE AID DISBURSEMENTS by CENTRAL/CO-CENTRAL LIBRARIES for CENTRAL LIBRARY SERVICES AID (CLSA)

Part 15 of the Annual Report focuses on the reporting by central and co-central libraries of actual State Aid Disbursements by the Library for Central Library Services Aid during the calendar year ending December 31, 2022.

Record the central/co-central library's actual disbursement of these State Aid funds as allocated to the Library by the public library system. Report here only those funds actually expended by the Library. Do not report funds spent by the public library system on the Library's behalf.

Part 15 should be completed by those approved central and co-central libraries of public library systems that are separate legal entities from the public library system. Only these entities should see this Part of the Annual Report. Libraries that are also public library systems (Brooklyn, Buffalo and Erie County Public Library, New York Public Library, Onondaga County Public Library and the Queens Library) will report all information related to central library aid on their system annual report and should not complete Part 15 of the Public and Association Library Annual Report.

15.1.1 & 15.1.3 Total Full-Time Equivalents (FTE)

- Indicate total FTE and salaries for all library employees paid from each category of state aid.
- Total Full-Time Equivalent (FTE) is the amount of time that an employee works in the state funded program. For example, one Total Full-Time equivalent (1.0 FTE) equals one person working an entire week each week of the year; two half-time employees working the full year equal one Total Full-Time equivalent (1.0

FTE), while an employee working one day a week (0.2 FTE) for the whole year equals 0.20 Total Full–Time equivalent (FTE).

- Consultants should be included in Purchased Services.

15.1.2 **Total Expenditure for Professional Salaries**

- Indicate the total expenditures for the library director and New York State certified librarians only. Do not itemize positions except where indicated in specific program instructions. Independent consultants or per diem workers should be included in Purchased Services.

15.1.4 **Total Expenditures for Other Staff Salaries**

- Except for the library director and New York State certified librarians, indicate total FTEs and total salaries for all other library staff paid from each category of Central Library Development Aid. Include: library specialists or M.L.S. degree holders without the school or public library certificate issued by the New York State Education Department; paraprofessionals; business managers; accountants; archivists; support staff; clerical assistants; building and maintenance staff; and any other staff paid by these funds. Independent consultants or per diem workers should be included in Purchased Services.

15.1.5 **Employee Benefits**

- Indicate the actual total expenditures for all library employee fringe benefits. This total includes Social Security, retirement benefits, health insurance, worker's compensation, unemployment insurance, and any other benefits.

15.1.6 & 15.1.7 **Purchased Services**

- Indicate the actual total expenditures for purchased services.
- Purchased services include, but are not limited to, the hiring of personnel from outside the agency as consultants, rentals, admission fees, tuition costs, telecommunications, repairs to equipment, and contractual services (leases, database vendor service, etc.). Include independent consultants or per diem workers. An independent consultant decides when, where and how the work is to be performed, and is paid according to an agreed–upon performance or result of work.
- Institutional Membership/Associations – Specify the organization's name in a Note.

15.1.8 & 15.1.9 **Supplies and Materials**

- Indicate actual total expenditures for supply items, postage and library materials. Equipment and furnishings with a unit cost less than \$5,000 should be included in this category.

15.1.10 & 15.1.11 **Travel Expenditures**

- Indicate the actual total expenditures for travel expenses.
- Travel expenses include, but are not limited to, library staff travel expenses, library board members travel expenses, or other travel related to the state-funded program.

15.1.12 & 15.1.13 **Equipment and Furnishings**

- Indicate actual total expenditures for all equipment and furnishings with a unit cost of \$5,000 or more that have a useful life of more than one year. Where indicated in specific program instructions, include type of item purchased.

15.1.18 **Final Narrative**

- Provide a brief narrative for each category of formula State Aid as indicated. Describe the major activities carried out with State Aid funds during the reporting period.

Part 16 – FEDERAL TOTALS (Questions 16.1–16.18)

All questions in Part 16 fields are locked and are calculated automatically.

16.1 **Total ALA–MLS**

- Librarians with master's degrees from programs of library and information studies accredited by the American Library Association.
- Total ALA–MLS = The sum of Library Directors (questions 6.2–6.3) + Librarians (questions 6.4–6.5) multiplied by the number of hours used to calculate FTE (question 6.1) divided by 40 hours per week [(questions 6.2 + 6.3) x question 6.1]/40.

16.2 **Total Librarians**

- Persons with the title of librarian who do paid work that usually requires professional training and skill in both the theoretical or scientific aspects of library work, or both, as distinct from its mechanical or clerical aspect.
- Total Librarians = The sum of Library Managers (questions 6.6–6.7) + Library Specialists/Paraprofessionals (questions 6.8–6.9) multiplied by the number of hours used to calculate FTE (question 6.1) divided by 40 hours per week + Total ALA/MLS (question 16.1). IE [(questions 6.6 + 6.7 + 6.8 + 6.9) x question 6.1]/40 + question 16.1.

16.3 **All Other Paid Staff**

- This includes all other FTE employees paid from the library's budget, including facility operations, security, and maintenance staff.

- All Other Paid Staff = Other Staff (questions 6.10–6.11) multiplied by the number of hours used to calculate FTE (question 6.1) divided by 40 hours per week. IE [(questions 6.10 + 6.11) x question 6.1]/40.

16.4 Total Paid Employees

- This is the sum of all employees paid from the library's budget.
- Total Paid Employees = Total Librarians (question 16.2) + All Other Paid Staff (question 16.3). IE 16.2 + 16.3.

16.5 State Government Revenue

- These are all funds distributed to public libraries by State government for expenditure by the public libraries, except for federal money distributed by the State.
- State Government Aid = Local Library Services Aid (question 11.3) + Central Library Aid (question 11.4) + Other State Aid (question 11.5) + State Aid other than LLSA, Central Library Aid or Other State Aid (question 11.9).

16.6 Federal Government Revenue

- This includes all federal government funds distributed to public libraries for expenditure by the public libraries, including federal money distributed by the State.
- Federal Aid = Federal Aid (question 11.6) + Total Federal Aid (question 11.12).

16.7 Other Operating Revenue

- This is all operating revenue other than Local, State, and Federal Revenues. Included, for example, are monetary gifts and donations, interest, library fines, and fees for library services. Not included is the value of any contributed services or the value of any nonmonetary gifts or donations.
- Other Operating Revenue = Other Cash Grants (question 11.7) + Contracts with Public Libraries and/or Public Library Systems (question 11.13) + Total Other Receipts (question 11.19) + Budget Loans (question 11.21).

16.8 Total Operating Revenue

- This is all operating revenue from the Local, State, and Federal governments, as well as all other revenue.
- Total Operating Revenue = Total Local Public Funds (question 11.2) + State Government Revenue (question 16.5) + Federal Revenue (question 16.6) + Other Operating Revenue (question 16.7).

16.9 Other Operating Expenditures

- This includes all operating expenditures other than those for staff and collections.
- Other Operating Expenditures = Total Operation and Maintenance of Buildings (question 12.17) + Total Miscellaneous Expenses (question 12.24) + Contracts

with Public Libraries and/or Public Library Systems (question 12.25) + Budget Loans (question 12.29) + Short-Term Loans (question 12.30).

16.10 **Total Operating Expenditures**

- This includes total operating expenditures on staff, total expenditures on collections, and other operating expenditures.
- Total Operating Expenditures = Total Staff Expenditures (question 12.5) + Total Collection Expenditures (question 12.9) + Other Operating Expenditures (question 16.9).

16.11 **Total Capital Expenditures**

- Includes Capital Expenditures from Operating Funds, and Total Capital Fund Disbursements and Transfers.
- Capital Expenditures = Total Capital Expenditures (question 12.12) + Total Capital Fund Disbursements and Transfers (question 14.10).

16.12 **Print Materials**

- Includes books in print and print serials.
- Print Materials = Total Cataloged Books (question 2.7) + Total Uncataloged Books (question 2.8) + Total Print Serials (question 2.9).

16.13 **Total Registered Borrowers**

- Total Registered Borrowers = Registered Resident Borrowers (question 3.2) + Registered Non-Resident Borrowers (questions 3.3).
- A registered user is a library user who has applied for and received an identification number or card from the public library that has established conditions under which the user may borrow library materials or gain access to other library resources.

16.14 **Other Capital Revenue and Receipts**

- Other Capital Revenue and Receipts = All Other Revenues from Local Sources (question 13.2) + Transfer from Operating Fund (question 13.8) + Non-Revenue Receipts (question 13.10).

16.15 **Number of Internet Computers Used by General Public**

- Report the number of the library's Internet computers [personal computers (PCs), laptops, and tablets], whether purchased, leased, or donated, used by the general public in the library. Do not include computers that connect to the Internet for a dedicated purpose (e.g., to access an OPAC or specific database, or to train the public) or purposes.
- Number of Internet Computers Used by General Public = Total of Question 26 of Repeating Group #3.

16.16 Total Uses (sessions) of Public Internet Computers Per Year

- Total Uses (sessions) of Public Internet Computers Per Year = Total of Part 9, Question 27 of Repeating Group #3.

16.17 Wireless Sessions

- Report the number of wireless sessions provided by the library wireless service annually. Count one session for each time a device connects to the library's wireless network, regardless of the duration of connection. If possible, only count sessions for patron devices and exclude library devices such as routers, access points, printers, and public access computers; otherwise, if patron devices cannot be isolated, report sessions for all devices.
NOTE: If an annual count of wireless sessions is unavailable, count wireless sessions during a typical week or weeks using methods like hardware logging or network scanning, and multiply the count to represent an annual estimate. (Do not conduct visual surveys of devices in use as a method to establish a count of a typical week.) A "typical week" is a time that is neither unusually busy nor unusually slow. Avoid holiday times, vacation periods for key staff, or days when unusual events are taking place in the community or in the library. Choose a week in which the library is open its regular hours.
- Total Wireless Sessions Provided by the Library Wireless Service Per Year = Total of Part 9, Question 33 of Repeating Group #3

16.18 Total Capital Revenue

- Total Capital Revenue = Revenue from Local Government Sources (question 13.1) + Total State Aid (question 13.6) + Total Federal Aid (question 13.7) + Other Capital Revenue and Receipts (question 16.14).
