The year 2020 was a year like no other for the Liverpool Public Library. To start the year, we unveiled our main room renovations and hosted our Grand Reopening ceremony on Jan. 24, 2020. Our community, including many local dignitaries, appreciated the bright new look and ease of services.

A few months later, our doors were forced to close due to the COVID-19 pandemic. During this time, our staff quickly pivoted to meet the needs of our community in many new and unique ways.

During 2020, we added a variety of services, including:
- Curbside Pickup with Grab It & Go
- Virtual Programming
- Removed Fines on Children and Teen Materials
- WiFi Hot Spot Loans
- Chromebook Loans
- Activity Packs
- Puzzle Loans
- Expanded WiFi Hours
- Ancestry.com Access from Home

Our doors reopened to the public in July 2020. The Liverpool Public Library was here for our community during the challenges we all faced with the COVID-19 pandemic. We will continue to be here for our community, no matter what life throws at us!
