To Whom it May Concern,

This letter is to explain the change to the Candor Free Library's 2023 Annual Report.

I am relatively new to completing the Annual Report. I made a mistake in 2022 by including the beginning and ending balances of our Operating Fund in both the Operating Fund and Capital Fund sections of the report. For 2023, I have answered no to line 12.45 because we do not have a Capital Fund. This has sparked an error for line 13.12 which I hope the above has clarified.

Sincerely,

A handwritten signature in cursive script, appearing to read "Kim Sullivan".
