33. Wireless Sessions

The original number recorded this year was wrong. I used the passerbys number, instead of the number of people that connected to the internet. Passerbys are people that were in range of our internet but didn't connect. The number used now is the number of people that connected to our internet.

11. OPERATING FUNDS RECEIPTS

- 11.3 Local Library Services Aid (LLSA) In 2021 we received no Bullet Aide development in 2022 received 2,500. Received 1,428 in LLSA Grant
- 11.7 Other Cash Grants We received \$2,000 from Finger Lakes Library System for collection development. We received 1,000 from a patron for the special request for the library to purchase LARGE PRINT CHRISTIAN BOOKS.

12. OPERATING FUND DISBURSEMENTS

- 12.4 Employee Benefits Expenditures We were billed on 2/8/22 for 1,963 and received a check from Hartford on 3/24/22 in the amount of 2,769 resulting in a credit for the year of 806. I am unable to explain the billing system that the Hartford Insurance Co. uses. Their billing system is not understandable. In 2021 we paid two payments of 1,991 and 441 totaling 2,432. In 2020 we paid 2,588.
- 12.19 Telecommunications In 2021 we were able to pay entire year charge of \$500.00 and in 2022 we could not do that because provider wouldn't let us pay for entire year. On 5/26/2021 we paid for the telephone for the entire year in the amount of 500.20. We were told by doing this we would save \$20.00 per year. In 2022 we were not able to do this because we were instructed in error by Haefele, our provider that the offer was good for only internet service only. So that is why in 2022 the amount in decreased because now the monthly amount that we pay is spread out over the entire year from 5/2022 to 5/2023.

16.5 **State Government Revenue**

Last year we received no
Bullet Aide from NY State,
2022 we did.

16.17 **Wireless Sessions**

The original number recorded
was wrong. I used the
passerbys instead of the
number of people that
connected to the internet.
Passerbys are people that were
in range of our internet but
didn't connect. The number
used is the number of people
that connected to our internet.
