3.1 Library visits (total annual attendance)

This number was calculated by use of weekly tally sheets that were added up for our annual attendance. The previous year's was estimated and may not have taken into account the variations and fluctuations a library can see throughout the year, such as summer reading programs, time off from school, weather, etc.

3.17b Attendance at Sessions Targeted at Children Ages 0-5

Programs were begun this past year, most notably for the summer reading program.

3.19b Attendance at Sessions Targeted at Young Adults Ages 12-18

New programs targeting this age range were implemented during summer reading.

3.23 Total Attendance at Live Programs Categorized by Age (sum of 3.17b, 3.18b, 3.19b, 3.20b, 3.21b)

I have double-checked this year's past numbers, and confirmed that these numbers were indeed from 2023. While the number itself is the same, the number of people in their respective categories does differ.
