13.12   BALANCE IN CAPITAL FUND - Beginning Balance for Fiscal Year Ending 2023 (Same as Question 14.11 of previous year, if fiscal year has not changed)

When the library changed investment money from CDs to an investment account, it was decided to label part of the account for Capital Improvements. Mistakenly, I considered Capital Improvements money as a Capital Fund as labeled on the report. I happened to read in the help section that investments are not reported on the annual report which then caused me to read what are capital funds. The library does not have capital funds.
