Subject: resignation letter

Dear Sarah and the FLLS Board of Trustees,

Because of some health issues, it's become clear to me that I need to step down from the FLLS Board of Trustees. I had a bad fall in April and there continue to be some lingering issues that have changed my priorities from what they were three years ago. I'm ready to take some time for myself.

I have enjoyed working with you, Sarah, so much. And will miss all our talks and brainstorming sessions. I'm proud of the work we have all, board, staff, and Sarah, done together over these last years. We struggled, but also, did good work. I will miss being part of the library world and having a connection to all the great staff at FLLS, yet having completed that work together, this feels like a good time to leave.

I hope we continue to stay connected. I know this Finger Lakes Library System is in good hands.

Thanks for your understanding.

Priscilla
